WASHINGTON ADVENTIST UNIVERSITY

History
Washington Adventist University (WAU) was established in 1904 as a coeducational institution known as the Washington Training College. Its purpose was to train young men and women in the liberal arts. In 1907, when the name was changed to Washington Foreign Mission Seminary, the more limited objective of special training for missionaries replaced the original concept of a liberal arts college. In 1914 the college resumed the status of a liberal arts college and took the name Washington Missionary College. At the first commencement, held May 22, 1915, five students received the Bachelor of Arts degree. Continued growth and development led to further changes.

In 1933 the lower division was organized as Columbia Junior College and received accreditation. It ceased to exist as a separate college in 1942 when Washington Missionary College was given accreditation as a four-year, degree-granting institution by the Middle States Association of Colleges and Secondary Schools. In March of 1961 the college constituency voted to change the name of the college to Columbia Union College. In 2009, Columbia Union College attained university status, and the college constituency voted to change the name of the college to Washington Adventist University.

Campus
WAU occupies 19 acres in Takoma Park, Maryland, near the nation’s capital. Its world-class metropolitan setting affords unrivaled opportunity for learning, work, recreation, and service.

Affiliation
The university operates under the auspices of the Seventh-day Adventist Church. The Board of Trustees guides the overall mission and direction of the university, overseeing management and setting major policies. The administration is responsible for leading the university community and managing day-to-day operations. Faculty, students, and staff participate in overseer through committees charged with protecting the integrity and enhancing the value of a Washington Adventist University education. There are three schools of higher learning with a student body of approximately 1,000. The current president is Dr. Weymouth Spence.
The Department of Safety and Security (DSS) functions as a resource and service for Washington Adventist University (WAU). Its mission is to help WAU perform its functions in a safe, secure, healthy, and environmentally responsible manner by working with our safety partners. The DSS provides leadership and outstanding service that enhances the research and Christian education process by integrating excellent safety, security, and sustainable practices into WAU’s campus culture.

We provide campus security services including emergency response, investigations, escorts, building security, and fire and safety inspections. The DSS is composed of regular security officers as well as auxiliary student officers. Our staff holds certification in emergency management and fire and life safety inspection. Additionally, we have a CCTV Specialist and a Crime Victim and Witnesses Advocate and an Evidence Specialist. Our officers do not have police powers.

SAFETY AND SECURITY DIVISION

WAU security officers have the authority to ask for a person’s identification and to determine whether individuals have lawful business at WAU. DSS security officers have the authority to issue parking tickets, which are billed to financial account of students, faculty, and staff. Safety and Security officers do not possess arrest power. Criminal incidents are referred to the local police, who have jurisdiction on the campus. The Safety and Security Department maintains a highly professional working relationship with the Takoma Park Police Department and the Montgomery County Police Department. However, our Department does not have a MOU with the Takoma Park Police Department. All crime victims and witnesses are strongly encouraged to immediately report crimes to the campus safety and security department and the appropriate police agency. Prompt reporting will assure timely warning notices and timely disclosure of crime statistics.

Auxiliary Student Security Officer Program:

The Auxiliary Student Security Officers are WAU students who perform a variety of tasks in support of the DSS, including the following:

- Parking lot patrol and parking enforcement
- Special events security and contract security at locations throughout WAU’s campus
- Student or Staff Escort
- Fire Crowd Management
- CCTV Specialist
- Lost and Found Management
- Emergency Preparedness
- Property Evidence Specialist
- Office Management
- Building Safety and Security Monitor
**Closed Circuit and Television (CCTV) Program:**
The WAU DSS will soon have a Security Operation Center (SOC) to enhance proactive security patrols on campus and the CCTV security and security communication systems (Pelco System and Andover Continuum software program), door monitoring status, access control, motion monitoring, fire alarm monitoring, glass breakage monitoring, security central intercom system, wireless communication, and the staff to monitor these systems. The CCTV Specialist actively monitors live and recorded digital video from more than 100 CCTV cameras strategically placed on the campus. All cameras that are monitored and recorded 24/7 are in common areas. While the majority of cameras are in exterior locations, a number are installed in interior spaces. Our CCTV Specialist provides proactive and reactive service designed both to prevent and respond to crime crimes that occurred in our campus jurisdiction, they have the capability to communicate with our security patrol to respond to any situation that requires the attention of a safety and security officer. They are also responsible for the maintenance and inspection of all the electronic systems in the department. Our CCTV Specialist reviews and retrieves digital video upon request of a safety and security officer investigating an incident or a crime. Based on a combination of proactive and reactive services, the CCTV Specialist responsibilities will also include monitoring all fire alarms in campus buildings.

**ACCESS TO CAMPUS FACILITIES**
Washington Adventist University is a private (non-profit) institution. The majority of the campus buildings and grounds are accessible to the public in general during normal business hours. Certain departments, however, restrict access to their facilities as residential halls are secured 24/7. Academic and administrative buildings are generally open 7:00 a.m. to 9:00 p.m. Monday through Thursday and Friday from 7:00 a.m. to 12:00 p.m. They are closed weekends and holidays except when special events have been scheduled. Only pre-authorized WAU administration and students have an access-card ID to gain access to buildings when they are closed. The University also reserves the right to restrict access to certain buildings or parts of campus, as the need may arise.

**Prohibited Practice**
The Department of Safety and Security does not accept envelopes, packages, boxes, Federal Express or UPS mail, personal belongings, keys, etc. from any faculty, staff, student, or guest for someone else to pick up. It will be each person’s responsibility to make other arrangements with the Post Office, FMS, the recipient, etc. for those items to be dropped off or picked up. To pick up or drop off packages on campus, contact the bookstore manager, Lloyd Yutuc, at (301) 891-4096.

**PARKING MANAGEMENT DIVISION**
**WAU IDs** and parking permits are obtained at the Office of Safety and Security. The DSS also operates a lost and found service; distributes free pamphlets about campus parking, security, fire and safety; and provides security escort services on campus.
Student IDs
To get your student ID, you must bring your clearance papers. Clearance papers have a green stamp as well as the initials of the financial aid person who gave them to you. If you do not have these with you, you will not be able to get your Student ID. THERE ARE NO EXCEPTIONS. If you are a returning student, please have your Student ID from the previous year with you. You must get a new ID every school year.

Faculty and Staff
The current identification card has name, faculty, or staff, and no expiration date printed on it. All faculty and staff must retain their current identification cards from year to year.

Vehicles and Parking at WAU
Students, faculty, and staff must register their vehicles with the Office of Safety and Security in order to park on the WAU campus. Fill out the required form and proceed to the Office of Safety and Security, GS 4 to pick up your permit. There is a $35.00 annual fee for students. You must obey all traffic laws and parking signs. Vehicles must be in operable condition with current state registration and insurance.

A permit does not guarantee a parking space. Vehicles found in violation of any of the above requirements are subject to ticketing, booting and or towing and impoundment or any combination of the previous, at the owner’s expense. A brochure about WAU parking and traffic regulations is available from the Office of Safety and Security. The Office of Safety and Security hours are 9:00 AM to 5:00 PM; however, campus security is available 7 days a week 24 hours a day, to respond to emergencies and other inquiries at (301) 891-4019.

College Vehicle Registration
WAU wishes to provide parking for all university personnel (faculty, staff, and students) within physical limitations. Parking is provided on a first-come basis for faculty-staff and student parking areas.

Possession of a registration permit sticker does not guarantee a space and there may be times when spaces are not available in sufficient quantities to provide parking for all permit holders. Permit parking enforcement is in effect 24/7. The use of campus parking facilities carries with it the obligation to observe all parking regulations.

General Regulations
1. Regulations are to be followed at all times including during breaks and weekends.
2. WAU assumes no responsibility for damage or loss of private property.
3. Pedestrians have the right of way at all times.
4. All parking signs must be followed.
5. Operation of any vehicle simply to create excessive noise or smoke is prohibited.
6. All motor vehicle collisions occurring on WAU property must be reported to campus security.

Abandonment
1. In the case of mechanical failure, security must be notified. Failure to do so shall result in a ticket, boot, and/or the removal of the vehicle at the owner’s expense.
2. Any vehicle that is not registered with the university and has not been moved within 48 hours shall be considered abandoned and is subject to removal at the owner’s expense.

3. The university is not liable for any damage done during removal or the use of the boot.

Visitor Parking
Visitor Parking is for visitors only, not for faculty, staff, or students. If you are not a visitor, you cannot park there, even if it is for a few minutes. If you are not a visitor and you are illegally parked there, you may be ticketed and/or booted.

Handicap Parking
To park in the Handicap Parking spaces, you must display a proper and current Handicap Parking Permit. If you do not display it, you will be ticketed $150.00 and/or booted. If you do not have a Handicap Parking Tag, DO NOT PARK THERE, even if it is for a minute.

Fire Lane
No vehicle shall park in a Fire Lane, even for a minute. There are no excuses for doing so. Failure to follow this rule will result in a ticket from WAU for $150.00 and/or a ticket from Takoma Park Police for $250.00.

Reserved Parking Areas
Cones or other security devices that designate reserved parking areas shall NOT be moved except by security personnel. Doing so will result in a ticket, and parking in a reserved area will also result in a ticket and/or boot.

Parking Permits
1. All vehicles belonging to staff, faculty, students, or contract workers must be registered.
2. Visitors may park in visitor designated areas only.
3. The lack of registration of the vehicle or the failure to display a parking permit of a vehicle belonging to staff, faculty, or students shall not exempt them from being ticketed for parking in visitor only areas.
4. The lack of registration of the vehicle or the failure to display a parking permit of a vehicle shall not be grounds for exemption from any parking regulation.
5. New permits are issued each year. The permit expires at the beginning of the following school year regardless of the date the permit was issued. All vehicles must be registered each year.
6. Temporary Parking Permits are issued on a case-by-case basis for emergency situations. All parking regulations apply to Temporary Permits.
7. One permit is issued per vehicle. Additional vehicles must be registered with a separate cost per additional vehicle.
8. Permits are to be displayed in the lower corner of the back windshield on the driver’s side, except in cases of tinted windows or convertibles. In this case the permit is to be displayed in the corner on the driver’s side of the front windshield.
9. Permits may not be moved from one vehicle to another.
10. If a vehicle is damaged or is no longer in use by the owner, the new vehicle must be registered and receive a sticker.
11. No vehicles, even those with current tags and a current permit, can be parked in the same
parking stall for more than seven (7) consecutive days. The vehicle must be moved to
another parking spot. Failure to do so may result in receiving a ticket.
12. If your vehicle will be on campus for more than seven (7) days without movement,
because you will be away on Christmas Break, Spring Break, Summer Break, or other breaks
longer than seven (7) days, you must notify the Security Department and provide your
name and vehicle information. Failure to do so may result in a ticket or your vehicle getting
booted.

How to Register a Vehicle
1. Go to my.wau.edu, then log in. Click on “MyRegistration,” then “Vehicle Registration.” All
   information must be filled out.
2. Come to the Security Office located in the General Services Building. You must bring the
   following:
   A. Current Driver’s License
   B. Current Vehicle Registration
   C. Current Insurance (paper or electronic)
   D. Current Employee/Student ID
   E. Current Financial Clearance paperwork (students only)

Bicycles/Mopeds/other vehicles

2. WAU is not liable for any damages or theft.
3. WAU is not required to provide secure facilities for such vehicles.
4. All such vehicles are bound by all campus parking regulations.

Parking Violations
1. Campus security has the authority to issue citations for violations at any time. The booting or
towing of vehicles for repeated violations or at any other time is at the discretion of the
security department.
2. Failure to pay a citation after 10 days will result in a doubling of the citation.
3. All fines can be paid to the Security Department or to Accounting. If paid at Accounting, you
   must bring the receipt to the Security Office.
4. Takoma Park Police has the authority to issue citations on campus for violations.

Appeals
1. Only students have the right to appeal tickets. All other citations must be paid.
2. Being late to class, not finding a parking space, or not registering a vehicle are not grounds
   for a successful appeal.
3. For students to appeal tickets they must go to my.wau.edu and log in. Click “myResources”
   and then “Parking Ticket Appeals.” All information must be filled out for the ticket to be
   appealed. Please note that you only have a certain amount of space in which to write the
   appeal.
4. Filling out an appeal does not guarantee that the citation will be made void or reduced. It
   also does not exempt the driver from continuing the behavior that resulted in the citation.
5. WAU does not handle any appeals for citations issued by municipal, county, or state law
   enforcement.
Parking Enforcement
The DSS mission is to serve the WAU community and to ensure that parking rules and regulations are obeyed for the safety and convenience of all commuters. When parking or permit infringements are ascertained, appropriate enforcement action is taken.

The issuance of parking citations is a universally accepted method of enforcing authorized parking. At WAU, the display of the appropriate campus permit designates the authorization for a vehicle to be parked on campus property. If a vehicle does not display a valid permit, the registered owner will be cited and required to pay a fine to discourage future violations.

Citations are also issued for parking in areas not designated for parking and for other violations such as the illegal use of disabled parking spaces, blocking access, etc. If you impede pedestrian or vehicle traffic, WAU parking enforcement regulations require the vehicle be towed. Vehicles may also be towed or immobilized (also known as booted) for repeatedly violating university parking regulations or for unpaid citations. Vehicles will be released when the citation and a boot release fee are paid in full. Booted vehicles will be towed after 48 hours. Pay your parking tickets and avoid getting the boot!

Physical Keys Control Program
I. PURPOSE
The purpose of this Policy is to assist in providing security for persons and Washington Adventist University property through the control of keys issued.

II. POLICY
In an effort to improve physical security for University facilities, a Key Control Policy has been established for issuing and managing University keys. These practices have been established to heighten awareness, especially for areas that need limited access due to concerns for security,
confidentiality, or high-value items. Acceptance of keys from Washington Adventist University obligates persons to follow this Policy.

III. SCOPE
This Policy will cover the procedures for requesting, returning, and reporting of lost or stolen keys belonging to the University to include building, padlocks, cabinets and vehicles as well as the responsibilities of all key holders. For the purpose of this Policy the term “key” will include electronic access cards (such as electronic key fobs and identification badges). This Policy does not apply to the issuance of keys to students for residence hall access.

IV. LEVEL OF AUTHORIZATION
The following is a table of keys issued by the University, the individual(s) to whom each type of key is issued and the individual authorized to approve the issuing of the key. Individuals will be authorized access through the issuance of keys for only those areas where they have a need to perform their assigned duties on a regular and recurring basis, and the following;

- "All keys will be issued at and returned to the Facility Services Office. Keys can only be picked up and signed by the individual requesting the key. Facility Services will accept all returned keys. Keys can be returned by anyone for anyone."
- "A separate key request for each key is required. Incomplete key requests will be returned to the authorizing department."
- "All key loans require card signed by Department Head."
- "Department Heads can authorize key loans for their area only."
- "Building side door keys are to be authorized by the CFO and recommended by Department Heads for workers in their Department."
- "No individual may temporarily loan their Master or Sub Master key (s) for any length of time. Keys must be in their possession at all times."
- "All master key loans require authorization by CFO signature and Administration Committee action."
- "All Grandmaster Keys and Building Master Keys will require loan authorization by signature of all building Department Heads and by the Administration Committee."
- "Facility Services provides next Friday service upon the receipt of a correctly completed key request."
- "The CFO is designated to authorize keys and locks changes for each WAU facility and/or department."
- "It is the department's responsibility to notify Facility Services of any name changes, key transfers (which will require key loan card with signature) and/or deaths."
- "Keys must be returned to the Facility Services Office in order to clear an individual's record. Keys are not to be handed to another individual without proper transfer documentation."
- "Key holder attempting to make a copy of key automatically forfeits their use of the key."
- No keys will be granted to WAU-students.
- Only the DFS is authorized to make changes to any WAU door hardware.
V. EMPLOYEE RESPONSIBILITIES

- Key holders shall take measures to protect and safeguard any University keys issued to them or in their name.
- Key holders shall not loan their University key(s).
- Key holders shall not use their key(s) to grant access to non-authorized individuals.
- Key holders entering locked buildings or spaces are responsible for re-securing all doors and shall not prop open or otherwise disable any doors.
- Key holders shall not store keys in desk drawers or other unsecured areas.

VI. LOST, STOLEN AND BROKEN KEYS

- The holder of a University key assumes responsibility for the safekeeping of the key and its use.
- It is understood that the key will not be loaned, issued to, or made available by any other means to unauthorized persons.

VIII. LOST KEYS

- Lost keys are to be reported to the University’s Department of Public Safety and to the DFS lock shop immediately.
- Replacement of a lost key will require a new KR Form and authorization.
- The Key Control Authority may impose a fee for replacement keys. If a lost key is later found, it must be returned to the University lock shop.

IX. STOLEN KEYS

- If a key is stolen, a report must be made to the University’s Department of Safety and Security immediately.

X. BROKEN KEYS

- If a key is broken or otherwise damaged, the pieces must be returned to the University’s lock shop (Facility Services).
- If a key is broken off in a lock, it must be reported to the University’s lock shop.
- A replacement key will be issued after verification of the key damage. A KR Form will not be required for replacement of broken or damaged keys.

XI. UNAUTHORIZED DUPLICATION

Duplication of any University key by an outsider key manufacturer, vendor or contractor is strictly prohibited.

- Keys issued by the University lock shop are the property of the University and should not be duplicated by any other persons other than lock shop personnel.
- Unauthorized keys will be confiscated and returned to the University lock shop (facility services).

XII. TRANSFER OF KEYS

Key transfers directly from one person to another are strictly prohibited.

- Employees shall not loan or transfer keys to anyone. The person to whom the key has been issued shall be held responsible for the use of that key until it has been properly
returned to the University’s lock shop.

- Employees who change offices within a building/department or transfer to a different building/department must return all keys to the University’s lock shop. A receipt will be issued to the employee for the keys returned. Key holders are not relieved of responsibility until they receive this receipt.

**XIII. RETURN OF KEYS**
- All employees, upon retirement, resignation, or termination of employment shall be required to process through the check-out procedure upon their separation from the university. This process insures that all keys are returned to the University’s lock shop and electronic access is deleted from the card access system. A receipt will be issued for the keys returned.
- Failure to return keys may result in having the former employee, or department, responsible for expenses incurred for the re-keying of locks to reestablish security.

**XIV. CONTRACTOR AND VENDOR KEYS**
- Access to campus buildings by contractors and vendors is regulated through the Department of Safety and Security in conjunction with Facility Services, Information Technology Services, and the Department of Student Life.
- Contractors who require keys or access cards to do work on campus will make arrangements through the Project Manager or Maintenance Supervisor who hired them. The request shall be evaluated as to the need for access and methods available to provide access without issuing a key.
- A key shall be issued only when no other reasonable means of access is available. A master key will not be issued to a contractor unless by exceptional circumstances and authorized by the Key Control Authority and only where a release form has been signed by the contractor to deduct funds from its contract to cover the cost of rekeying the building or area if the key is lost, stolen, or not returned.
- The Project Manager in charge of the work shall be responsible for securing this signed document and shall provide copies to the Department of Security and Facility Services.

**ANNEX A-1**

**ACCESS CONTROL SYSTEM**

**Objective**
The objective of the Washington Adventist University (WAU) Access Control System Policy is to provide a comprehensive, dependable and cost-effective access control system solution for the entire campus. The system will consist of an integrated pairing of the traditional mechanical locking (keyed) system with a computer based electronic access control system that will allow for use of card access control and will set a standard for access control on campus.

**Implementation**
WAU’s Facility Services, in coordination with Safety and Security, will implement and install electronic access control for all campus buildings as authorized by the University Administration.
The Access Card (campus ID card) will become the means of accessing buildings on campus for students, faculty and staff. This card is issued by the Safety and Security Department after authorization by the Chief of Security. Each person should have only one access card.

All exterior doors of each building will be equipped with electronic access control, a camera, and a door alarm. One main door per building (usually the handicapped accessible door) will be identified as the primary entrance and will be equipped with a card reader for entry. Other doors may be equipped with card readers as necessary.

**Criteria**

All Access Control at Washington Adventist University, including those being installed in new construction, major renovation, or specifically added to an existing structure, shall conform to the following criteria:

**Hardware**

Mechanical locking, keyed, and keyed systems shall conform to the University standard, currently the BEST System. Door hardware, latches and other systems shall be compatible with these keyways.

Computer based Card Access Systems shall conform to the University standard selected for campus-wide control, currently the WAU Access Control System. Access features will include standardized control panels and devices that will connect to the central computer via the University’s network system backbone from each building on campus. These devices include compatible door hardware, intrusion detection, and other monitoring equipment and sensors. When applicable, additional levels of access control can be applied through use of compatible biometric devices, keypad pin devices, or other equipment as necessary.

**Software**

The software system utilized for the Access Control System will be the standard system for the University, currently the WAU Access Control System. This will be operated on a server housed in the confidential server room. Software support will be coordinated by the DSS and DFS staff in conjunction with Auxiliary Services, if applicable.

**Administration**

Overall administration of the Access Control System will be the responsibility of the Facility Services Office. All requests for building access should be routed to the Facility Services Office for processing via the following procedure:

Fill out the Access Control Request Form found at the Security Department. You may also request the form from the Security Department. This form will be used for changing time zones on building doors as well as authorizing access to individual students, faculty, and staff.

Access Control changes will only be made during normal working hours. Access requests will be granted within one business day of receipt of the signed Access Control Request Form or email confirmation. Once access is granted, an email will be sent to the requestor, to all Department Heads with operations in that particular building and to the Department of Safety and
Security. Any questions concerning the granting of access to individuals or change of time zones should be directed to the original requestor.

An Access Control Client will be assigned to those buildings that house students or require access level changes during the semester based on student residency. A Client is defined as a person that has been granted restricted access levels within the Access Control System so as to control the time zones and access of persons to a certain building or buildings. Each Client will be trained on the use of the Access Control System by the DSS Office and will work within the guidelines as approved by the Vice President of Financial Services.

Maintenance
Facility Services has an established work-order system; therefore, during normal business hours, all requests for repair and maintenance, as well as notifications of outages and malfunctions, etc. for all Access Control-related systems and devices, including CCTV, will be directed to Facility Services.

An Access Control work order will be generated and a determination of the problem will be made and routed to the appropriate personnel for remedy of the problem.

After normal business hours, all requests for repair should be directed to Facility Services Shift Worker, who will contact the appropriate personnel.

After-Hours Building Access
After 11 p.m., Monday-Thursday, all academic buildings will be locked. To have after-hours access to any academic area (including computer rooms, labs, and faculty offices), the following procedures must be followed:
1. Authorization must be given (in writing) by a qualified person (i.e., a faculty member) stating the person(s), location, date, and time period allowed in area.
2. Person(s) authorized to use any area after hours must be accompanied by another person.
3. Person(s) authorized to use any area after hours are not allowed to be anywhere other than specified location.
4. The Department of Safety and Security is to be notified by person(s) when they are finished using any area after hours.

Fire Safety Division
The Fire Safety Division (part of the Department of Safety and Security) is responsible for managing the University's compliance with the County and State Fire Prevention Codes and other applicable fire safety laws and standards; providing fire safety education and training; investigating all fires that occur on WAU property; and performing fire and life safety inspections. Life safety is the primary objective of the fire safety program. WAU-DSS are not government code enforcement power under local and state jurisdictions but have Certified Fire Inspector and Certified Fire Investigator who applied and enforced the Montgomery County Fire Safety Code and Maryland State Fire Prevention Code.
Programs include fire exit drills; fire safety education for students, faculty, and staff; fire inspections of campus buildings and public assembly events, emergency procedure planning and training, fire data analysis, code consultation, general fire safety issue consultation, coordination and issuance of required permits, and fire/arson investigations. Life Safety systems (fire alarms, sprinklers, fire extinguishers, and generators) are serviced by the Department of Facility Services (DFS), which manages the operations and maintenance Life Safety Systems.

To report problems, call the DFS Helper Desk at (301) 891-4161 or (301) 801-7201. Note: A copy of the Fire Report Logs and 2012, 2013, and 2014 Annual Fire Reports are obtainable 24/7 at the DSS office in the General Services building # 6 GS-4, 7600 Flower Ave, Takoma Park, Maryland.

The Washington Adventist University Fire Safety Policy can be reviewed here: www.wau.edu/images/WAU_Fire_Safety_Policy.pdf

**Occupational Health and Safety Division**

The WAU DSS-Occupational Safety & Health (OSH) Division promotes and supports a safe and healthy work environment on the WAU campus by providing leadership, program development, and training and compliance assistance for faculty, staff, and employees.

Our services include outreach and consultation services for hazard identification, assessment and control; training; development of safe work practices; PPE (Personal Protective Equipment) recommendations; project planning review, and accident and injury prevention.

Our staff includes professionals with expertise in the areas of Laboratory Safety, Occupational Safety, Indoor Air Quality, and Regulatory Requirements. Please review and check the following Policies: Facility Asbestos Management Plan, the Facility Lead Management Plan, and the Air Quality Complaint Program.
Emergency Response and Management Division

WAU has adopted the National Incident Management System (NIMS) for all its emergency and non-emergency events. The adoption of NIMS will improve WAU’s response to emergencies and hazards including significant emergencies or dangerous situations involving an immediate threat to the health or safety of any member of the WAU community on campus.

WAU policies and procedures provide for the WAU DSS to notify the campus community. It is the policy of the DSS to alert the campus community to certain crimes and safety/security issues occurring either on campus or in its immediate vicinity. Generally, this area will include the streets adjacent and/or adjoining campus property. However, nothing in this policy is intended to prevent notifications about incidents occurring outside of this area when they are likely to have a significant impact on members of the University community. Notification will be made without delay for immediate threats to the health or safety when such an emergency is confirmed. WAU uses One Call Now, an emergency notification system that utilizes automatic technology to call phones, send text messages and/or emails to individuals who have registered for the service through the University’s my.wau.edu portal or through a proxy procedure.

Each April, the DSS visits every department of the University and provides training on the WAU Emergency Response Plan.

Medical Assistance
If a student, faculty, staff, or visitor is in need of Medical Assistance and Transportation, call 911 and/or the Department of Safety and Security (301) 891-4019. An officer will respond as soon as possible to assist.

Mass Notification Systems
It is the policy of WAU’s DSS and Campus Office of Information Technology to alert the campus community to certain crimes and safety/security issues occurring on campus, or in the immediate vicinity of the campus. Generally, this area will include the streets adjacent and/or adjoining campus property. However, nothing in this policy is intended to prevent notifications about incidents occurring outside of this area when they are likely to have a significant impact on members of the University community.
A. Alerts are required for all incidents that constitute Clery Act Crimes and are considered to represent a serious or continuing threat to the campus community. These crimes include Murder and Non-Negligent Manslaughter, an Active Shooting, Sex Offenses, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, and Hate Crimes.

B. Alerts may also be issued for the following:
   1. Crimes other than “Clery Act” crimes that pose a serious or continuing threat to the campus community (e.g. kidnapping)
   2. Non-criminal emergencies that pose a significant or continuing threat to the campus community or a segment of the campus community (e.g. weather-related emergencies, maintenance issues, environmental health and safety issues, etc.).

C. Emergency Notifications are required for all significant emergency or dangerous situations that pose an immediate threat to the health or safety of some or all of the members of our campus community (e.g. an armed intruder is present in a campus building, several random arsons have occurred in a single night in occupied areas on campus, etc.).

D. Emergency Notifications may be labeled Alert, Advisory, or Community.

E. Faculty or staff who learn of information which may warrant the issuance of a “Crime Alert,” “Safety Alert,” or Emergency Notification should notify WAU-Security as soon as possible.

TYPES OF ALERTS

A. Alert – Alert messages should be reserved for critically important information when loss of life and/or property is potentially imminent. Alert messages are time-sensitive and require residents to take immediate action.

B. Advisory – Advisory messages are intended to communicate important, need-to-know information. Advisories should be considered less time-critical than Alerts and require a heightened sense of awareness from residents.

C. Community – Community messages should be used to convey everyday local news, happenings, and developments. Community messages should not contain any time-critical information.

D. Information Bulletin – An informational notice regarding incidents that may not pose an immediate or continuing threat but are serious enough in nature that it is deemed appropriate that the campus community or a segment of the campus community should be informed.

AUTHORITY and RESPONSIBILITY

Alerts and Notifications are issued at the discretion of the following personnel and entities:

A. The President
B. The VP of Finance
C. The Provost
D. The Director of Safety and Security
E. The VP of Information and Technology Systems
F. The VP of Student Life
G. The Associate VP of Human Resources
H. The Director of Facility Services
I. The Corporate Communication Office

Consultation is expected among the authorizing authorities available at the time of the incident.

Exception – The WAU Security Lieutenants or Sergeants may issue alerts and emergency notifications without authorization from the individuals listed above in emergency situations for in-progress, life-threatening situations if they are not otherwise detained at the incident.

WAU-Safety and Security Department personnel who learn of information or recognize an event which may warrant the issuance of an alert or emergency notification must notify the Director or Assistant Director as soon as possible. Should the Director or Assistant Director be unavailable, one of the authorizing individuals from Section IV. A of the Policies and Procedures document must be notified.

J. Those authorized to issue alerts will determine the type of alert to issue and the dissemination method. Dissemination methods may include, but are not limited to, the following:

- Campus-wide email and text
- Campus (ITS) Alert*
- Homepage (www.wau.edu)
- Emergency Alert Notification (Nixle)
- Campus telephone line
- On/off-campus media releases

K. Campus (ITS) Alert* is an emergency notification system that utilizes automatic technology to call phones (Nixle) and send text messages and/or emails to individuals who have registered for the service through the University’s my.wau.edu portal or through a proxy procedure.

PROCEDURES
A. Authorizing individuals will determine whether sufficient and accurate information exists to warrant the issuance of an alert.

B. When issuing an alert or emergency notification, authorized individuals will include the following, as appropriate:
   a. Type: Alert, Advisory, Community, Information Bulletin
   b. Authorizing authority
   c. Date of issuance
   d. Date, time, and location of the offense or situation
   e. Description of the crime or situation
   f. Description of the suspects
   g. Suspect’s direction and mode of travel when fleeing incident
   h. Safety instructions/advice

C. The person who initiates an alert, emergency notification, or bulletin will upload the alert/bulletin in the Clery Alert folder in the system, download and complete the Timely
Notification Action Report, and forward it to the Director of Safety and Security via email with a copy of the alert/notification that went out. The Director of Safety and Security is responsible for authorizing the final Timely Notification Action Report with the authorization of the President or VP of Finance, which will then be saved in the Clery Act folder in the system and in hard copy with a copy of the alert/notification attached to it.

D. If it is determined that the Campus Emergency Command Center should be activated, a WAU Security Officer, or designee, will notify the Emergency Management Coordinator (Safety Officer/Director) or designee. The Emergency Management Coordinator will contact the Campus Emergency Command Center members and the Emergency Response Team members.

The DSS will first determine whether such an emergency exists. The Department’s Director or the highest ranking university official on duty is tasked with determining, on a case-by-case basis, whether a situation exists that requires an emergency notification. This determination is based on the size, scope, facts, and seriousness of the incident as well as whether there is a threat to someone’s life, health, or safety in the circumstances.

All segments of the campus community are alerted with an appropriate warning. Notification is sent without delay, unless such a message will—in the judgment of the WAU Public Communication Officer—compromise the effort to deal with the emergency or assist a victim.

Follow-up information will be issued thereafter. The WAU Emergency Response Plan (ERP) / Emergency Operation Plan (EOP) identify the campus emergency planning, organization and response policies and procedures.

The ERP/EOP is available under WAU-Emergency Response Plan. WAU-DSS officers and the University Administrators use the ERP/EOP to address emergencies and critical incidents that affect WAU’s Campus.

Our alert system, “Nixle”, will conduct a system test every 60 days.

**LOCKDOWN AND EVACUATION PROCEDURES**

At times a life-threatening, hostile, or hazardous situation may arise on or near property owned or managed by WAU requiring the implementation of what is known as a lockdown. Such a procedure exists to protect human life and property and to make a threatening situation easier for law enforcement agencies to resolve.

**Definition**

A "lockdown" is a temporary “sheltering-in-place” technique utilized to limit human exposure to an apparent life-threatening, hostile or hazardous situation or threat. When a lockdown is declared by Campus Security or administrative officials, occupants of any building within the impacted area are to remain in their respective spaces locking all doors and windows, not allowing entry or exit to a secured area until the “all-clear” confirmation has been given. Individuals may be required to move to a safe location if they are immediately adjacent to the
life-threatening or hazardous situation (e.g. shooter, bomb threat, etc.). In all cases, individuals must follow directions of Campus Security and appropriate law enforcement officials. Examples of life-threatening or hazardous situations include, but are not limited to the following:

- Someone has a gun or weapon on campus, or there is an active shooter, or shots are heard on campus
- A high-risk search or arrest warrant of a potentially dangerous suspect
- A serious crime is actively occurring on campus (e.g.: homicide, hostage situation, aggravated assault, robbery with a deadly weapon, sexual assault, etc.)
- A serious crime is being committed in close proximity to the campus or a campus building (e.g.: homicide, hostage situation, aggravated assault, robbery with a deadly weapon, sexual assault, etc.)
- Hazardous chemical spills
- Inclement weather (e.g.: ice storm, tornado in close proximity to campus, etc.)

Due to the varied situations that may occur on campus or near a WAU facility and the dynamic nature each scenario presents, it is imperative for individuals to stay alert and be aware of the proper precautions and procedures to take when a lockdown is necessary. When instructions are given for a “lockdown” by a member of the Campus Security or designated administration official (e.g.: the University President, the VP of Finance Services, the Provost, Deans of Residential Life, etc.), the following procedures are to be implemented immediately:

1. **Active Shooter or Hostage Situation**
   - If gunshots are heard in or around a building preceding an order to "lockdown" or once the notice to "lockdown" has been issued, take the following actions:

   I. Try to remain calm. Follow instructions of Campus Security or the designated administrative official.
   II. Remain indoors and go to the nearest room, trying to stay away from windows.
   III. Do not seek shelter in open areas such as hallways or corridors. Go to the nearest classroom, office, conference or storage room that can be locked.
   IV. Once a "lockdown" has been initiated, do not leave buildings unless an all clear has been sounded or you are directed to by Campus Security or the designated administrative official.
   V. Lock all doors and windows.
   VI. Turn off all lights.
   VII. Try to stay away from windows. This may require hiding under a desk or behind furniture.
   VIII. Remain silent so as not to attract attention.
   IX. Turn off all radios or other devices that emit sound.
   X. Silence cell phones.
   XI. Use a cell phone only to contact Campus Security or law enforcement. Talking or any type of noise could draw the attention of a shooter, so be careful.
   XII. If gunshots are heard, lie on the floor, preferably behind a heavy object such as a desk, table, or filing cabinet.
   XIII. If appropriate, turn off gas and electric appliances to reduce noise or the threat of a fire.
   XIV. If outdoors, seek shelter behind a building, wall or large tree. It is important to “hide” from a shooter.
XV. If there is a group of individuals clustered together (such as a classroom or meeting), the instructor or leader should compile names and keep attendance to make sure everyone remains present and accounted for should an evacuation be necessary.

XVI. Do not unlock doors or attempt to leave until instructed to do so by Campus Security or the designated administrative official. The "all-clear" will be announced via an appropriate system, such as the WAU Alert System, public address system, phones, etc.

XVII. Always stay alert to rapidly changing and dynamic situations. Staying calm is crucial. Hysteria can lead to making poor decisions or taking needless risks.

2. Serious Crime Occurring or Committed in Close Proximity to Campus
   • Specific instructions/actions to be taken will be based upon the specific crime or incident that is happening or has recently occurred. Instructions will be disseminated by the appropriate means to the campus community.
   • The actions listed under Active Shooter Incident above may apply, but will ultimately be determined by Campus Security. It is critical for everyone subject to a lockdown to follow instructions of Campus Security or the designated administrative official.

3. Inclement Weather-Related Incident
   • Specific instructions/actions to be taken will be based upon the specific weather-related incident that is actively occurring, and will be disseminated by the appropriate means to the campus community.
   • In the event of a tornado it may require evacuation of individuals into the campus “tunnel” system, field house locker rooms or spaces without windows. Individuals need to stay alert to changing weather conditions and follow the instruction of WAU-Campus Security or the designated administrative official.

4. Hazardous Materials Spills
   • Specific instructions/actions/containment procedures to be taken will be based upon the specific hazardous materials-related incident that is actively occurring and will be disseminated by the appropriate means to the campus community.
   • In the event of a chemical spill, toxic fumes may result. Stay alert to wind direction and weather conditions and follow instructions of Campus Security or the designated administrative official.

Non-Compliance with Lockdown Procedures
In the event a student or employee fails to comply with an order from a member of WAU’s Department of Safety and Security or the designated administrative official during a “lockdown” situation, they may be subject to the following consequence(s) or punishment(s):

1. Criminal charges may be filed against anyone disregarding a lawful order of Campus Security, law enforcement personnel or designated administrative official during a lockdown. Disregard of orders can place others in danger and have a serious impact on the safety of individuals and property. It is important for everyone involved in a lockdown to follow the directions of those in charge of managing the situation.
For example: A shooting has occurred near campus and the suspect is last seen running toward Washington Adventist University property. WAU-Department of Safety and Security representative orders a “lockdown” of all buildings. Everyone is ordered to stay indoors and in the nearest room. A student living in student housing decides to disregard the order and goes out to the parking lot and drives their vehicle off campus. This would be an example of disregard for the “lockdown” situation. It may lead to criminal charges being filed, especially if the lives of others are put at risk.

2. **Civil and Administrative penalties** may be assessed against anyone creating a situation that may lead to a lockdown. Penalties will be decided by Campus Security on a case-by-case basis depending on the gravity of the situation.

3. **Disciplinary measures** may be taken for students or employees who willfully fail to comply with a lawful order of Campus Security, law enforcement personnel, or designated administrative official during a lockdown. The penalty may be suspension from school or work. Any disciplinary action would be coordinated with either the Dean of Residential Life or, in the case of an employee, the respective supervisor.

It is anticipated that everyone involved in a lockdown situation on campus or at a facility managed by Washington Adventist University will comply with all directions and orders issued by Campus Security or a designated administrative official. The circumstances leading to a “lockdown” are normally quite serious and can lead to loss of life or injury if not followed. It is important for Campus Security and designated administrative officials to remain in control of such volatile situations in order to protect public safety and property. While Washington Adventist University does not want to discipline people for non-compliance to a lockdown order, it does retain the right to prosecute such behavior, to assess penalties, or to discipline individuals who willfully endanger their life or the lives of others around them by willful non-compliance.

If one or more buildings must be evacuated and the fire alarm system or siren has not been activated (such as a hazardous materials incident, bomb threat, or hostile intrusion), the following procedures should be used:

- **University administration at the scene shall immediately do the following:**
  - Call 911 and advise the dispatcher of potential assistance needed, such as law enforcement, traffic control, hazardous material response, etc.
  - Notify Campus Security and describe the event and say that you have called 911
  - Determine the buildings to be evacuated
  - Designate safe assembly areas
  - Inform the team leaders to evacuate their buildings

- **Team leaders have the following responsibilities:**
  - Activate the fire alarm
  - Sweep through the building, including restrooms, to be sure everyone has exited

- **University administration at the scene shall do the following:**
- Direct the compilation of a list with the full names of all who were evacuated
- Have Campus Security and/or public law enforcement personnel in place for traffic control if a mass exodus from the campus in private vehicles will occur
- Release personnel, if safe to do so, or have them advised of subsequent actions at the direction of the Incident Commander
- Ensure that the list of evacuees is updated regularly and maintained at the Incident Command Center as a reference when inquiries are made.
- If any evacuees need medical attention and/or must be moved to an indoor shelter, then University administration at the scene shall direct those activities using the resources available to the Incident Command Team.

The Department of Public Safety performs unannounced Lockdown Drills throughout the campus. They are done in the various departments throughout the year.

If a campus-wide emergency occurs such as a flood, severe storm, a fire in one or more buildings, or any act which requires campus evacuation or shelter-in-place, then a state of emergency will be declared by University administration. A declared state of emergency activates the Incident Command Team and the Incident Command Center. For additional information you can contact the DSS at (301) 891-4019.

**Department of Facility Services (DFS):**
DFS operates and maintains the university buildings and grounds with a concern for health, safety, security and crime prevention. DFS inspects residential and non-residential campus facilities regularly, investigates reports of potential health, safety, and security hazards—such as broken windows—and promptly makes repairs. DFS is responsible for all exterior lighting for campus buildings, sidewalks, parking lots, streets, security lights—and for fire prevention equipment. Students, faculty, staff, and visitors are encouraged to call the DFS or file a DFS Work Request at (301) 891-4161 to report potential hazards. The DFS operates 24 hours a day, 7 days a week.
CRIME REPORTING AND MONITORING

Members of the WAU community and visitors should immediately report all crimes on campus to the DSS or law enforcement agency that has Jurisdiction. All reports are considered confidential. There are several ways to report a crime: Call the Security office, email the Security Office, or speak to a Security Officer by coming to the Security Office. You can also report to a Dean, Office Executive, Counselor, or Faculty Member. For police or fire and any other emergency medical (EMS) assistance contact the Campus Safety and Security Department or other appropriate entity:

Crime Prevention Program

WAU’S DSS provides crime prevention services to students, faculty, and staff who live and/or work on our campus. The DSS makes independent efforts to reduce the chances for crime to occur through its program known as Crime Prevention through Environmental Design (CPTED). Invitations for the DSS to present its crime prevention program may be arranged by calling (301) 891-4019. Below are a few topics covered in the presentation:

- Theft Prevention
- Building and Office Safety and Security Assessment
- Campus Security Vulnerability Assessment
- Homeland Emergency Preparedness Awareness

Our crime prevention program, which emphasizes ways residents and employees can enhance security is also available for members of the community who live off campus. For more information, please contact the Security Director at (301) 891-4019.

The DSS section of the WAU website also provides information on various security and safety topics through an awareness program. Information is updated weekly and is available to everyone.

Each April, members of the DSS visit every department of the University and provide training on crime prevention and Emergency Crisis Response. Programs on sexual assault prevention and awareness are conducted by the Title IX Coordinator throughout each semester.

**Firearms and Other Dangerous Weapons**

Possession or use on college premises of explosives, fireworks, firearms, or other weapons is strictly prohibited, regardless of whether a federal or state license to possess the same has been issued to the possessor. This includes, but is not limited to, pellet guns; knives; clubs; look-alike weapons, such as toys that look like real guns; and/or any such item or object whose use or display harms, threatens, or causes fear to others.

**Annual Security Report**

The department provides an annual report detailing all information related to Safety and Security as required by the Clery Act. This report is distributed by October 1st of the following year via a posting on the internet and via university e-mail. Requests for a copy can be made by contacting the Security Department. The report will be posted to the following website: [http://www.wau.edu/security](http://www.wau.edu/security). Upon request, the Office of Admissions provides information including crime statistics and the availability of the security report to prospective students. The department maintains records including past annual security reports, notes of supporting documentation, copies of crime reports, daily crime logs, referrals for disciplinary action, emergency notifications and warnings, communications from campus security and local police, and documentation from the Office of Education.

**Crime Log**

The crime log is updated every 24 hours. To see it, visit the DSS portion of the WAU website at [http://www.wau.edu/security](http://www.wau.edu/security). Anyone wishing to review the 2013, 2014 and 2015 crime logs can visit the Department of Safety and Security at the General Services Office G-4 at 7600 Flower Ave, Takoma Park, Maryland 20912.
External Monitoring of Crime
The Department of Safety and Security monitors crime on a continual basis, utilizing the services provided online by Takoma Park, Montgomery County, Prince George’s County, and Washington DC. Students, Faculty, Staff, and Visitors can access this information by following the links that are listed under “Emergency Alert Notification” on the WAU Security website. Additionally, the DSS remains in close contact with the police departments of Takoma Park, Montgomery County, Prince George’s County, and Washington D.C. to keep track of crime stats and trends.

Campus Security Authorities (CSA)
As part of the Clery Act, certain categories of crime, arrests, and referrals occurring in Act-reportable locations (see below) are required to be reported in an Annual Security Report that is published by October 1st each year.

Another key requirement of the Clery Act is the issuance of crime alerts to the campus community. These alerts are made for crimes considered to be of a serious or continuing threat to University community members and which have been reported to CSAs, local law enforcement agencies, and to the University’s Public Safety Department.

What is a Campus Security Authority (CSA)?
The Clery Act identifies certain categories of students, University employees and contractors as CSAs who have federally-mandated responsibilities to report crimes that they witness or are reported to them.

The intent of including non-law enforcement personnel in the role of CSA is to acknowledge that some community members and students in particular may be hesitant about reporting crime to the police, but may be more inclined to report incidents to other campus-affiliated individuals.

To review information on reportable Clery Act crimes, reportable disciplinary referrals and/or the Clery Act incident occurrence locations that are reportable, please reference the Clery Act Crime Definitions (PDF) and Clery Act Reportable Locations (PDF), found at www.wau.edu/security. CSAs have an important role in complying with the Clery Act, which was enacted to help create a safer University community. Timely reporting of crimes by CSAs allows the University the opportunity to review whether or not a community crime alert should be issued and assists in maintaining accurate crime data.

CSA Crime Reporting Obligation
A Clery Act crime is considered “reported” when it is brought to the attention of a CSA, University Public Safety Department, or local law enforcement personnel by a victim, witness, other third party, or even the offender. The crime reporting party need not be University affiliated.
While CSAs are only obligated to report Clery Act qualifying crimes that are reported to them which occurred on Clery reportable locations, CSAs are encouraged to report all crimes reported to them to University Public Safety Department. Student Affairs-affiliated student employees are directed to report all non-emergency criminal incidents to their respective direct supervisors.

If a CSA receives Clery Act qualifying crime information and believes it was provided in good faith, meaning that there is reasonable basis for believing that the information is not rumor or hearsay, then, the crime is Clery Act reportable. What you must report, therefore, are reports of alleged criminal incidents.

How a CSA Responds When a Crime is Reported

1. Regardless of your status (CSA or non-CSA), all community members are encouraged to promptly report all campus Public Safety related criminal incidents and other public safety related emergencies to the University Public Safety Department. When a crime is reported, the CSA should always handle emergencies first and call 911 or (301) 891-4019.

2. If it is not an emergency, the CSA should ask the individual reporting the crime if they would like to report the incident to the University Public Safety Department. If they do, then the CSA should coordinate reporting and contact the University Public Safety Department via phone at (301) 891-4019 or in person at the General Services, Building No. # 6 Office GS-4 (7600 Flower Ave. Takoma Park, Maryland 20912)

3. CSAs are encouraged to use the following statement when speaking with the crime reporting "As part of my position on campus, I am a federally mandated crime reporter for the University. I am required to report this incident to the University Public Safety Department for data gathering. If you request confidentiality, the Report Form will not include your name, or that of any other individuals involved. My report will contain only the information you provide. Do you have any questions? Would you like to help me fill it out?"

4. If the reporting party is a student and is a victim of a sex offense—and s/he does not want a DSS officer involved—the student is encouraged to contact the Crime Victim Advocate at (301) 891-4019. Students can receive confidential advocacy services and referrals through the DPS University employee can receive counseling support through Washington Adventist University contracted employee assistance program. Sexual violence resource information sheets are available for both students and employees.

5. As noted above in the CSA statement, the CSA should explain that they are a federally mandated crime reporter and are required to submit a crime report for statistical purposes and that the crime report can be submitted without identifying the crime reporting party and/or victim if the reporting party would like to remain anonymous.

6. If the CSA has firsthand knowledge/confirmation that the reporting party already filed a police report with the University’s Public Safety Department, then the CSA is not obligated to complete and submit a CSA Crime Report Form. However, if the reporting party says they will file a police report with University Police, but the CSA has no first-hand knowledge/confirmation that a police report was filed, then the CSA must
complete and submit a Crime Report Form. When in doubt, a Report Form should be completed and submitted.

7. CSAs should not investigate a crime reported to them or attempt to determine whether in fact a crime took place. CSAs must simply report the crime to the University’s Public Safety Department.

8. CSAs must report a crime to the University’s Public Safety Department quickly in case the crime warrants a University-issued crime alert to the University community.

What is done with CSA Report Forms?
The University’s Public Safety Department reviews Report Forms and determines whether an incident warrants a crime alert / emergency notification to the University community and whether it is a qualifying (reportable) Clery Act crime to be included in the University Annual Security Report (ASR).

How are CSAs Identified?
The law defines the following four categories of CSAs:

1. Department of Public Safety (DPS) Department sworn law enforcement personnel (special Police Officers) and department administrators.

2. Non-police people or offices responsible for campus security—community service officers, campus contract security personnel, parking enforcement staff, personnel providing access control and/or security at campus facilities, athletic events or other special events, safety escort staff, residential community assistants and other similar positions.

3. Officials with significant responsibility for student and campus activities—an Official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the University. To determine which individuals of organizations are CSAs, consider job functions that involve relationships with students. Look for Officials (i.e., not support staff) whose functions involve relationships with students. If someone has significant responsibility for student and campus activities, then they would be considered a CSA. Some examples of CSAs in this category include, but are not limited to: academic deans; student affairs / residential life officials—or related positions; athletic administrators—including directors, assistant directors and coaches; student activities coordinators and staff; student judicial officials; faculty and staff advisors to student organizations; Student Center staff; student peer education advisors; and administrators at branch campuses.

4. Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses (University Public Safety / Title IX Coordinator).

Who is Not a CSA?
The following non-CSA positions and functions include, but are not limited to:

- faculty members without responsibility for student and campus activity beyond the classroom
- physicians/nurses in Student Health who only provide care for students
- clerical or administrative support staff
- cafeteria staff
- facilities maintenance staff
- information technology staff
- licensed mental health or pastoral counselors when acting within the scope of their license or certificate
- roles with similar functions as those listed above

**WAU BEHAVIORAL INTERVENTION TEAM**

Purpose of the Behavioral Intervention Team:
As a result of growing national trends on college campuses of mental health issues and the increase in hospitalizations and deaths due to alcohol consumption, Washington Adventist University created the Behavioral Intervention Team (BIT). In order to promote the safety and health of its students, the BIT addresses student behaviors that are disruptive and may include mental health and/or safety issues. Students who qualify for a Behavioral Intervention Team referral demonstrate one or more of the behaviors above.

The Behavioral Intervention Team consists of a group of qualified and dedicated WAU professionals whose mission is to do the following:
• Balance the individual needs of the student and those of the greater campus community

WAU THREAT ASSESSMENT TEAM
Working with the Community to Prevent Violence
What is Threat Assessment?
"Threat Assessment is a process to identify and respond to students, faculty, and staff who may pose a danger to others on campus, may pose a danger to themselves, or who may simply be struggling and in need of assistance and resources."
G. Deisinger, M. Randazzo,
D. O'Neill, J. Savage in
The Handbook for Campus Threat Assessment & Management Teams

Washington Adventist University has established a Threat Assessment Team to address situations where students may be exhibiting disruptive, threatening, or worrisome behaviors that have the potential to impede their own academic progress or that have the potential to impede the ability of others to function successfully or safely.

It is imperative that any member of the WAU community—faculty, staff or students—immediately report any situation that could result in harm to anyone at the University. Any member of the campus community may become aware of a troubling situation that is causing serious anxiety, stress, or fear. If such a situation appears to be imminent, including possible immediate risk of violence to self or others, it should be reported immediately to the Department of Campus Safety and Security. Any situation not deemed to be imminent, yet still of concern should be reported to the Office of Student Life.

This Team has been established to do the following:
- Respond to possible circumstances of violence or threatening behavior;
- Respond quickly to behavior indicating a potential risk to self or others;
- Determine whether a realistic threat is present and act accordingly;
- Coordinate and assess information from faculty, administrators, students, and local authorities;
- Notify, within FERPA guidelines, parents, guardians and/or next-of-kin;
- Identify resources for troubled students and make referrals to appropriate campus and off-campus agencies, including helping with the securing of therapeutic actions such as treatment or counselling;
- Periodically assess outcomes of actions taken

For the safety of the campus community any threat, explicit or implied, will be considered a statement of intent. The Threat Assessment Team will investigate any concern and act as necessary to protect the campus community.

Threat-related information must be forwarded to the Office of Student Life or in an imminent situation directly to the Department of Campus Safety. The report will be initially evaluated, and if appropriate a group from the Threat Assessment Team will be convened. Any member of the campus community is expected to make themselves available as needed for advice and consultation.
When information is received about a possible threat, it will be investigated and a determination will be made using the best available information regarding the level of threat present. This determination will be made by assessing the initial concern in conjunction with any corroborating evidence, the student’s disciplinary record, and any other relevant information as deemed appropriate by the Threat Assessment Team. The determination of the Threat Assessment Team is intended only as an initial intervention and should be considered as only the first part of an ongoing review. While the Team is comprised of skilled and knowledgeable staff who will make every effort to consider all angles of a situation, it should be noted that assessing a possible threat can never be 100% accurate. As needed, the Threat Assessment Team will ask the Vice President of Student Life, or designee, to place a student on an interim suspension pending a disciplinary hearing, require internal or external psychological evaluations, or act in any other manner as allowed by the University’s policy in order to ensure the safety of the campus community.

The Threat Assessment Team consists of University personnel with expertise in law enforcement, threat assessment, academic affairs, and student affairs. Whenever possible a collaborative process will be used to assess the perceived threat. A core team of key campus leaders will generally comprise the Team, and a secondary support team will be available as needed to assist with the investigation and assessment of a situation. Other individuals may also be consulted, such as a faculty member who has a concern about a student. Generally when investigating a possible student threat four members of the core team—one each from Student Life, Academic Affairs, the Counselling Centre, and Campus Safety, to be chaired by the representative from the Office of Student Life—will be assembled to manage the investigation and make a determination regarding the level of threat.

The Team will meet on an emergency basis and as needed to review reports brought forward by faculty, staff, and students concerning disruptive, inappropriate, and/or threatening behavior.

**Core Team**
- The VP for Student Life
- Deans of Resident Life
- The Director of Department of Safety and Security
- The Campus Professional Counselor
- The Campus Nurse

General questions about the role or purpose of the Threat Assessment Team should be forwarded to the Office of Student Life at any time.

It also may include such actions as (1) sex-oriented verbal “kidding,” “teasing,” or jokes; (2) repeated offensive sexual flirtations, advances, or propositions; (3) continued or repeated verbal abuse of a sexual nature; (4) graphic or degrading comments about an individual of his or her appearance; (5) the display of sexually suggestive objects or picture; (6) subtle pressure for sexual activity; and (7) inappropriate physical contact.

DATING AND DOMESTIC VIOLENCE INFORMATION
Dating or domestic violence, also known as intimate partner violence, is a pattern of ongoing power and control by one dating partner over another. Examples of dating or domestic violence include threatening a partner or their family, coercing them into doing something they don’t want to do, constantly belittling them, controlling what they can and cannot do, deciding who they can go out with and when, isolating them from friends and family, controlling their finances and access to resources, or physically hitting, kicking, punching, slapping, or scratching. Dating and domestic violence can also include sexual violence or stalking.

Domestic violence can happen to people of all ages, races, ethnicities, and religions. It occurs in both heterosexual and LGBTQ relationships. While it is important to remember that we all have different cultural practices, beliefs, and experiences that shape our view of what intimate relationships look like, everyone deserves to feel safe and respected. No one deserves to be abused. Abuse is never the victim’s fault! If you have been the victim of dating or domestic violence, you are not alone. Help is available.

Introduction
Washington Adventist University (WAU) is committed to providing a safe learning and working environment. In compliance with federal law, specifically the Jeanne Clery Act and the Campus Sexual Violence Elimination Act (SaVE Act), WAU has adopted policies and procedures to prevent and respond to incidents of sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the Washington Adventist University community (students, faculty, and staff) as well as contractors and visitors.
Washington Adventist University will not tolerate sexual assault, domestic violence, dating violence, or stalking, as defined in this Policy, in any form. Such acts of violence are prohibited by WAU policy, as well as state and federal laws. Individuals whom the University determines more likely than not engaged in these types of behaviors are subject to penalties up to and including dismissal or separation from Washington Adventist University, regardless of whether they are also facing criminal or civil charges in a court of law.

Tel. (301) 891-4542. These offices will provide survivors of sexual assault, domestic violence, dating violence, and stalking with information about available support services and resources and also assist any survivor in notifying law enforcement, including the local police, if the survivor elects to do so.

Survivors are not required to report to area law enforcement in order to receive assistance from or pursue any options within WAU. For more information, please visit the section on how to report an assault on the website. Reporting sexual assault, domestic violence, dating violence, and stalking to the police (including the Department Safety and Security) does not commit the survivor to further legal action. However, the earlier an incident is reported, the easier it will be for the police to investigate, if the survivor decides to proceed with criminal charges.

**Written Notification of Right and Options**
Any student or employee, who reports an incident of sexual assault, domestic violence, dating violence, or stalking, whether the incident occurred on or off campus, shall receive a written explanation of their rights and options as provided for under this policy. These rights and options include the right(s) of a survivor to do the following:

- Go to court, and file a domestic abuse complaint requesting an order restraining your attacker from abusing you, and/or an order directing your attacker to leave your household, building, school, college, or workplace;
- Seek a criminal complaint for threats, assault and battery, or other related offenses;
- Seek medical treatment (the police will arrange transportation for you to the nearest hospital or otherwise) assist you in obtaining medical treatment if you wish;
- Request the police remain at the scene until your safety is otherwise ensured;
- Request that a police officer assist you by arranging transportation or by taking you to a safe place, such as a shelter or a family or friend's residence; and
- Obtain a copy of the police incident report at no cost from the police department.

**Accommodations**
Regardless of whether a student or employee reports an incident of sexual assault, domestic violence, dating violence, or stalking to law enforcement, campus security or pursues any
formal action, if they report such an incident to the university, Washington Adventist University is committed to providing them as safe a learning or working environment as possible. Upon request, WAU will make any reasonably available change to a survivor's academic, living, transportation, and working situation. When a reported incident of abuse involves more than one member of the university community, the University Title IX Coordinator, Dean of Students, or WAU Department of Safety and Security may also issue an institutional No-Contact order, prohibiting the individuals from contacting one another, either on or off campus. Students may contact the VP of Student Life office (Wilkinson Hall, 4th floor, (301) 891-4110) for assistance, and employees may contact the Office of Human Resources (Wilkinson Hall, 4th floor, (301) 891-4542) for assistance.

DSS officers or the Victim Advocate will advise survivors of a reported incident of sexual assault, domestic violence, dating violence, or stalking about how to seek a restraining order from a criminal court that directs the respondent to refrain from abuse and to leave the survivor’s household, building, school, university, or workplace.

Washington Adventist University is committed to ensuring that orders of protection issued by courts are fully upheld on all University-owned, used, and controlled property as well as properties immediately adjacent to Washington Adventist University. Therefore, if any member of the WAU community obtains an order of protection or restraining order, he or she should promptly inform the DSS and provide it with a copy of that order, so that the University can enforce it. Washington Adventist University is also committed to protecting survivors from any further harm, and if the Washington Adventist University Department of Safety and Security determines that an individual's presence on campus poses a danger to one or more members of the University community, the DSS can issue an institutional No-Trespass Notification barring that individual from Washington Adventist University property.

Survivor Confidentiality
Washington Adventist University recognizes the sensitive nature of sexual assault, domestic violence, dating violence, and stalking incidents. We are committed to protecting the privacy of individuals who report incidents of abuse, to the extent that doing so is permitted by law and consistent with the University’s need to protect the safety of the community. Different WAU officials and personnel are able to offer varying levels of privacy protections to survivors.

When the Title IX Coordinator information learns of a sexual assault, or an incident of domestic or dating violence, or stalking, so that the Title IX Coordinator can investigate the incidents, track trends (including possible multiple reports involving the same assailant). and determine whether steps are needed to ensure the safety of the community.

It is the survivor's choice whether he or she wishes to participate in the investigation; however, the university may proceed with an investigation without the survivor's participation if there is a concern for the safety of other members of the community.

Reports made to the DSS will be shared with the Title IX Coordinator in all cases, and may also be made public (maintaining the survivor's anonymity) and shared with the respondent in cases where criminal prosecution is pursued. Reports received by the university concerning the abuse
of a minor or juvenile must be reported to state officials in compliance with state law requiring mandatory reporting of child abuse. All members of the WAU community are required by University policy to report any instances of known child abuse or neglect to the DSS, and the DSS will in turn report such information to the appropriate state authorities.

Reports and information received by licensed medical professionals and mental health counselors are considered legally protected or 'privileged' under Maryland state law. Thus, those individuals will not share information they learn from survivors with others within the institution (including the University Title IX Coordinator) or with any third party except in cases of imminent danger to the victim or third party. Absent such circumstances of imminent danger, the only information that these employees will report to the University concerning incidents is statistical information, which does not identify the survivor, so that the incident can be included in the WAU crime reporting statistics that are reported in the WAU annual Clery Reports. Such crime-reporting statistics are also included in a Title IX trend report maintained by the University.

Reports of sexual assault, domestic or dating violence, or stalking, which is shared with the WAU Title IX Coordinator or other university officials, will be treated with the greatest degree of respect and privacy possible while still fulfilling University obligation to investigate and effectively respond to the incident report. Every effort will be made to limit the scope of information shared to keep it to a minimum of detail.

A survivor's ability to speak in confidence and with confidentiality may be essential to his or her recovery. Washington Adventist University thus expects employees to treat information they learn concerning incidents of reported sexual assault, domestic violence, dating violence, and stalking with as much respect and as much privacy as possible. University employees must share such information only with those WAU officials who must be informed of the information pursuant to WAU policy. Failure by a WAU employee to maintain privacy in accordance with Washington Adventist University policy will be grounds for discipline.

While federal law requires Washington Adventist University to include certain reported incidents of sexual assault, domestic violence, dating violence, and stalking among its annual campus crime statistics, such information will be reported in a manner that does not permit identification of survivors.

**Conduct Administrative Proceedings**

Washington Adventist University strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal investigation and prosecution, students, employees, and other affiliates may also face action by Washington Adventist University. When students or employees are accused of having engaged in sexual assault, domestic violence, dating violence, or stalking, the University may, depending on the facts alleged, issue interim safety measures prior to the resolution of the charges. Such interim safety measures might include issuing No-Contact orders between the parties, altering an individual's work or class schedule or a student's on-campus housing assignment, placing an employee respondent of misconduct on administrative leave, or placing a student respondent of misconduct on an interim suspension.
The WAU Title IX Coordinator will oversee all investigations of allegations of gender-based violence. Employees who are found responsible for having committed such a violation could face termination of employment, and students who are found responsible for having committed such a violation may face disciplinary probation, deferred suspension, suspension from University housing, dismissal from University housing, suspension from the University, or dismissal from the University. In addition, WAU may issue No-Trespass Orders to those found responsible.

If a Title IX investigation concludes that evidence exists which suggests a student more likely than not engaged in sexual assault, domestic violence, dating violence, or stalking, the matter will be referred to the VP of Student Life’s office (Wilkinson Hall 4th floor, Tel. (301) 891-4110) for adjudication pursuant to the Student Code of Conduct. The Office of Human Resources (Wilkinson Hall, 4th Floor, (301) 891-4542) will handle any incidents involving employees and University affiliates who are found by the University to have engaged in behavior that violates University policy, including but not limited to sexual assault, domestic violence, dating violence, or stalking.

All conduct proceedings, whether the conduct is reported to have occurred on or off campus, shall provide a prompt, fair, and impartial investigation and resolution. All investigations and proceedings shall be conducted by officials who receive annual training on the nature of the types of cases they are handling, how to conduct an investigation, and how to conduct a proceeding in a manner that protects the safety of survivors and promotes accountability.

Washington Adventist University will investigate and adjudicate any official complaints of sexual abuse, domestic violence, dating violence, or stalking that are filed with the University within sixty (60) days of receipt of that complaint, unless mitigating circumstances require the extension of time frames beyond sixty (60) days. Such circumstances may include the complexity of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, University breaks or vacations that occur during the pendency of an investigation, or other unforeseen circumstances. In these matters the complainant and the respondent shall be notified, provided an explanation, and given information about the amount of additional time required.

In all investigatory and adjudication proceedings conducted by the University concerning charges of sexual misconduct, domestic violence, dating violence, or stalking, including any related meetings or hearings, both the complainant and the respondent will be afforded the same process rights, including equal opportunities to have others present. This includes the right to be accompanied by an advisor of their choice. Both the complainant and respondent will also be afforded an equal opportunity to introduce evidence and identify witnesses.

When a student is accused of any violation of the student conduct code, including but not limited to charges that he or she engaged in sexual assault, domestic or dating violence, or stalking, the charges will be decided using the preponderance of evidence standard, which means that it is more likely than not that the reported misconduct occurred. The Title IX Coordinator and the VP of Student Life have discretion to decide whether sufficient evidence
warrants referring charges of misconduct against a student to an Administrative Disciplinary hearing (the Committee). If the committee hears such charges and issues a finding of responsibility against a student respondent, the committee may also recommend sanctions to the VP of Student Life. However, the VP of Student Life retains authority to determine the sanctions that will be issued to any student who has been found responsible for violating the Code of Conduct.

When the Title IX Coordinator completes an investigation and/or when a Committee issues a decision, both the complainant and the respondent shall simultaneously be informed in writing within seven business days of the outcome of the investigative or adjudicative proceeding. Both the complainant and respondent will be given the same procedures and timeframe to appeal the outcome of the proceeding, both parties will receive the same process rights if an appeal is granted, and the parties will both receive timely notice when the outcome becomes final. Disclosure of the outcome shall be made to both parties unconditionally, and each shall be free to share or not share the details with any third parties.

For additional information about student conduct proceedings, please consult the Washington Adventist University Student Handbooks or the Student Resources and Policies section of the website.

For additional information about employee conduct, please visit and consult the Washington Adventist Employee Handbook at the following web address: https://our.wau.edu/eforms/library/Human%20Resources/Employee%20Handbook%20v.%200073.pdf

Victims always have the right to inform the police of dating violence, domestic violence, sexual assault, and/or stalking. They also have the right not to inform the police. They will be assisted in contacting the police if they so choose. This does not conflict with the institution’s obligation to comply with mandatory reporting laws because the regulatory requirement relates only to the victim’s right not to report, not to the possible legal obligation on the institution to report.

MARYLAND CRIME VICTIMS AND WITNESSES: RIGHTS AND SERVICES

Introduction
Victims of crime have certain rights under Maryland law. This pamphlet provides general information about rights and services available to assist you through the aftermath of the crime and through the often complex criminal justice process. In addition to personal losses suffered as a result of a criminal act committed against you, the experience may have created stress, fear and confusion. Victim/witness assistance programs and other local victim assistance programs may provide information, support and assistance to victims outside the formal criminal justice process.

Help Throughout the Criminal Justice Process
Throughout the criminal justice process, and even after its completion, you may experience physical, emotional or psychological distress as a result of your victimization. This is a normal reaction, and help is available in your community. Please refer to the National/Statewide Crime Victim Resources section on the reverse side of this pamphlet.

General Victims’ Rights
A crime victim is generally defined under Maryland Annotated Code §11-1001(e) of the Criminal Procedure Article as a person who suffers direct or threatened physical, emotional, or financial harm as a result of a crime. The definition of a victim may vary depending on the right afforded to that person and the type of crime committed.

Maryland Crime Victims’ Rights
Under the Maryland Constitution and under State laws and guidelines, victims of crime must be:
- Treated with dignity, respect, and sensitivity
- Informed of their rights
- Notified of crisis intervention and counseling services
- Notified of domestic violence programs and support groups
- Notified of criminal injuries compensation and other social services available
- Informed on how to apply for services
- Told of protection available to them and how to obtain protection
- Informed by the police or the State’s Attorney of the arrest of a suspect and closing of the case
- Notified of court hearings and offender custody status
- Permitted to be present and heard at criminal justice proceedings
- Permitted to seek restitution from their offender(s)

If you are a victim of crime in Maryland, and need more information about your rights, visit www.goccp.maryland.gov.

Programs to Prevent Dating Violence, Domestic Violence, Sexual Assault, and Stalking
The Department of Safety and Security has begun to draft a Memorandum of Understanding (MOU) with the Maryland Coalition Against Sexual Assault (MCASA). The department has also
connected with the Victim Assistance and Sexual Assault Program (VASAP) with assurance they will coordinate with us for any assistance we need.

**Peace and Protective Orders**

*Peace and protective orders* are civil orders issued by a judge or court commissioner to prevent one person from committing certain acts against others. The personal relationship between the respondent and the victim determines which order should be filed. Protective orders generally apply to people in domestic relationships. Peace orders apply to other relationships (dating, neighbors, co-workers, acquaintances, strangers).

A petition for protection from domestic violence may be filed in any District Court or Circuit Court in Maryland. If the clerk’s office is open, you must file with the clerk. If the clerk’s office is closed, file with a District Court Commissioner. To locate a court, look at www.courts.state.md.us or the government pages of your phone book. Some courthouses have on-site programs to assist victims with safety plans and filing for protection. Find your local domestic violence program by contacting the clerk’s office or www.mnadv.org. DISCIPLINARY PROCEDURES

Redemptive and restorative discipline is at times necessary. It seeks to awaken the moral and spiritual sensitivities of the student relative to the infractions committed. It is firm and deliberate, while simultaneously student-centered and compassionate. By deliberately emphasizing redemptive discipline, the school models God’s attitude toward wrongdoing, His forgiveness, restoration, and desire for character building.

Individuals assume certain responsibilities for upholding and maintaining the standards and expectations of the community to which they belong. Acceptance to WAU is a voluntary commitment to uphold the University’s standards. Therefore, WAU expects students to comply with God’s law, civil laws, and University regulations. Student conduct that violates these laws and regulations will result in disciplinary action.

When necessary, counsel, advice, and restrictions may be given by the residence hall deans, Student Life Committee, and/or Vice President for Student Life. A student who may be subject to serious discipline will be counseled by the appropriate personnel, usually the Vice President for Student Life or his/her designee, regarding their rights and possible disciplinary actions. Some disciplinary procedures are addressed by the Conduct and Guidance Committee. The Vice President for Student Life or his/her designee may take immediate disciplinary action that could include suspension or dismissal.

When policy violations are of an egregious nature, the Vice President for Student Life will meet with the student and, if necessary, will contact the chair of the Conduct and Guidance Committee to convene a meeting. The Vice President for Student Life will provide the committee with the student’s written statement, which is to include the student’s perception of the incident and his/her understanding of what occurred in the conference/meeting with the vice president and/or his/her designee. The Conduct and Guidance Committee will meet to discuss the situation and make a decision about the appropriate action to be taken. The student has the right to meet with the Conduct and Guidance Committee when his/her case is discussed. The student also has the right to choose a WAU faculty/staff as an advocate. Only the WAU faculty/staff advocate selected by the student may accompany the student to the committee meeting. The student also has the right to choose an Advisor to accompany them to the proceedings. This person does not have to be a WAU faculty/staff member. The student can also choose to have a lawyer as their Advisor.
The chair of the Conduct and Guidance Committee and his/her designee will verbally notify the student of the committee’s decision. Please note: The verbal notification is officially binding. The student will also be notified by letter from either the Vice President for Student Life, the chair of the Conduct and Guidance Committee, or the appropriate designee. The letter will become part of the student’s official record. Notice of the action will be made available to University employees or departments directly related to the student concerned.

If a student refuses to meet with the Conduct and Guidance Committee, the committee will meet, discuss the situation, and make a decision.

Evidence
The technical rules of evidence do not apply in Disciplinary Committee hearings. The Disciplinary Committee may consider any evidence, including hearsay evidence that it determines is probative, relevant or material to a case. It may exclude evidence that is irrelevant, immaterial or repetitious. In the absence of the investigating officer, any member of the Campus Security may present a case on behalf of the University.

Disciplinary Procedures for Improper Organizational Behavior
Complaints against a student organization are filed with the chair of the Student Life Committee. The chair has the right to determine whether further action needs to be taken.

Disciplinary Procedures Appeals Process
A residence hall student who has received discipline from the residence hall deans may appeal the decision to the Vice President for Student Life.

A student may appeal disciplinary actions imposed by the Conduct and Guidance Committee. To appeal a decision, the student must submit a written appeal to the Vice President for Student Life within 24 hours of the committee’s decision.

Basis for an Appeal
- New information is available that was not available earlier and is relevant to the decision.
- The Conduct and Guidance Committee did not adhere to proper procedures as outlined in the Student Handbook.

Procedures for an Appeal
- The written appeal must be given to the Vice President for Student Life or his/her designee, who may make a decision to grant or deny the appeal, and approve it to go before a special appeals committee (an ad hoc committee). If the appeal is granted, an ad hoc committee will hear the appeal.
- A student must abide by the stated disciplinary consequences of the Conduct and Guidance Committee and/or those of the Vice President for Student Life or of his/her designee, pending the final outcome of the appeals process.
- If a student is granted an appeal before a Special Appeals Committee, the decision of the committee is final. The committee may uphold the decision of the Conduct and
Guidance Committee or that of the Vice President for Student Life or his/her designee, or it may reach a decision that is of lesser or greater consequence than the original decision.

- In any disciplinary situation, a student has the right to a Washington Adventist University faculty/staff advocate of his/her own choosing.

If the student feels that the stated appeals process has not been followed, the student may appeal, in writing, to the president of the University, requesting a review of the process.

**Disciplinary Actions**
The following disciplinary actions are adopted by WAU with the intent to provide flexibility to the disciplinary process. **Please note:** The following actions are not in sequential order of the disciplinary actions that will be taken. Washington Adventist University reserves the right to amend, change, and/or determine what actions are to be imposed. They include, but are not limited to:

1. **Warning** – written notice that continuation or repetition of inappropriate conduct may be cause for more serious disciplinary action.
2. **Community Service** – duties assigned, preferably related to the infraction.
3. **Fines** – a sum of money to be paid for infraction.
4. **Restitution** – reimbursement of damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
5. **Restriction**
   a. For the individual – exclusion from participation in specified University activities (e.g., dining hall privileges, extracurricular activities), and maintenance of exemplary conduct for a specified period of time. No refunds of payment will be made to a student placed on restriction.
   b. For the organization – exclusion from specified activities sponsored by the organization or the University, and maintenance of exemplary conduct for a specified period of time. Restriction may include loss of use of all facilities provided by the University for a specified period of time.
6. **Probation** – a trial period during which a student/organization has an opportunity to prove that he/she/it can be a responsible and effective member of the WAU community. During the probation period, the student/organization may be subject to the following actions:
   a. The student/organization may not represent WAU in any extracurricular activity such as the Student Association, intercollegiate sports, drama, or music. He/she/it may, however, be permitted to participate in informal activities of a recreational nature.
   b. The student may not run for or hold office in any organizations recognized by the Student Life Committee.
   c. The student/organization may be called upon to perform duties suitable to the particular situation, including constructive work projects and referral for alcohol or drug education at the offender’s expense.
   d. The student/organization will be subject to immediate suspension for not adhering to any University regulation while on disciplinary probation.
7. **Suspension** – shall be for a specific period of time or until a specific condition is met, after which time the student must apply to the Vice President for Student Life for reinstatement. If one is suspended more than once during an academic year, he/she will automatically be dismissed.
   a. For the individual – exclusion from classes and other privileges or activities of the University for a definite period of time. Students under suspension are not permitted on University property or allowed to participate in any University-sponsored activity. Suspension extending beyond the semester in which action is taken will be full semester(s). No refunds of payments will be made to students placed on suspension.
   b. If information reviewed during an investigation seems to indicate it appropriate, the accused may be suspended pending the outcome of an investigation and presentation to the Conduct and Guidance Committee.
   c. Deferred suspension becomes effective after a specific future date. It is used typically near the end of a semester to avoid the financial penalty that an immediate suspension would entail. If a student is involved in any further offense while on deferred suspension, immediate implementation of suspension will be made by the officiating committee or person.
   d. Students suspended for the remainder of a semester will be charged tuition and fees until the day of disciplinary action.
   e. For the organization – removal of the right to conduct group-sponsored activities or to participate in University-sponsored activities as a group for a definite period of time as indicated in the notice of suspension.

8. **Dismissal** (Please note: This policy pertains to citizenship and not to academic dismissal – see Academic Probation and Dismissal Policy)
   a. For the individual – termination of student status with the privilege of applying for readmission. No refunds of payments will be made. The individual is not permitted on University property or allowed to participate in any University-sponsored activity. Exceptions are for a personal appearance before the Conduct and Guidance Committee or after reacceptance. To reapply, the individual must do the following: 1) request and complete a WAU application. Recommendations and the application fee are not required; 2) have the citizenship hold on their name removed. Present a petition for reacceptance, in writing or in person, to the Vice President for Student Life. The Vice President for Student Life or the Conduct and Guidance Committee will determine when and if the hold will be removed, and if other stipulations for the removal of the hold will be imposed. The individual will be notified in writing of these stipulations; and 3) if the hold is removed, the individual’s name is then taken to the Admissions Committee.
   b. Students dismissed for the remainder of the semester will be charged tuition and fees until the day of disciplinary action.
   c. For the organization – termination of approved organization status with the privilege of applying for reinstatement. Any conditions for reinstatement shall be stated in the notice of dismissal.
9. **Expulsion**
   a. For the individual – permanent termination of student status. Students who are expelled are not permitted on University property or allowed to participate in any University-sponsored activity.
   b. For the organization – permanent termination of group status.

10. **Removal from Residence Halls.** Temporary or permanent removal from residence halls as a resident and/or guest. Any conditions for reinstatement will be stated in the notice of exclusion from residence hall living.

**Maryland Sale of a Controlled Substance Laws**

**How Maryland Classifies CDS**

Maryland divides CDS into five “schedules.” Schedule I lists the most dangerous drugs, which have a high probability of abuse and addiction, and no recognized medical value. Schedules II, III, IV, and V decrease in dangerousness and probability of abuse; and increase in recognized medical uses.

These schedules are also used to determine the applicable penalties for illegally possessing specific CDS (described in the next section). If you’ve been arrested for illegal CDS possession, you’ll need to consult the Maine Code that lists precisely which drugs fit into each group. Go to the statute (Md. Ann. Code. § 5-402, 5-403, 5-404, 5-405, & 5-406.) and find the substance you’re charged with possessing -- it will be listed under one of the five Schedules.

**Penalties for Making or Selling CDS**

It is illegal in Maryland to make, sell, or possess CDS with the intent to do these things; with few exceptions, such as a doctor who legally prescribes a prescription medication. Penalties vary according to the Schedule of the CDS involved. (Md. Ann. Code. § 5-602.)

**Schedule I and II narcotic substances**

Making, selling, or possessing Schedule I or II Narcotic CDS with the intent to do those things incurs a fine of up to $25,000, up to 20 years in prison, or both. Second convictions incur a fine of up to $100,000, at least ten years in prison, or both. Third convictions incur a fine of up to $100,000, at least 25 years in prison, or both. Fourth convictions incur a fine of up to $100,000, at least 40 years in prison, or both. (Md. Ann. Code. § 5-608.)

**Schedule I and II hallucinogenic substances**

Making, selling, or possessing a Schedule I or II hallucinogenic CDS with the intent to do those things incurs a fine of up to $20,000, up to 20 years in prison, or both. Second convictions incur a fine of up to $100,000, at least ten years in prison, or both. Third convictions incur a fine of up to $100,000, at least 25 years in prison, or both. Fourth convictions incur a fine of up to $100,000, at least 40 years in prison, or both. (Md. Ann. Code. § 5-609.)

**Schedule III, IV, and V substances**

Making, selling, or possessing a Schedule III, IV, or V CDS with the intent to do those things incurs a fine of up to $15,000, up to five years in prison, or both. Second and subsequent
convictions incur a fine of up to $15,000, at least two (and up to five) years in prison, or both. (Md. Ann. Code. § 5-607.)

What Does Drug Possession Mean Under Maryland Law?
Legally, possession refers to having control over something. This means the drugs don’t have to be in your pocket or your hand. If you can exercise control over them, they are in your possession. If the drugs are found under your car seat, on your end table, or lying loose in your lap, you are considered in “possession” of them.

Marijuana Possession
Marijuana is the only drug that requires a different penalty under Maryland law. If you are convicted of being in possession of marijuana, you will face misdemeanor penalties of up to one year in jail.

Maryland Drug Possession – Penalties
If you are found in possession of any other drug, aside from marijuana, you will face a felony charge. Possession of drugs carries a potential four-year prison sentence and fines reaching $25,000. This maximum potential sentence applies to drugs such as cocaine, heroin, ecstasy, LSD, meth, and prescription drugs.

Alternatives to Incarceration
There are no hard and fast rules in Maryland when it comes to who gets probation and who doesn’t. There are no guaranteed second chances. The court, with the help of the prosecution, will weigh many factors in determining your sentence. With the assistance of an aggressive defense attorney, you may be able to argue that you are a good candidate for such an alternative, increasing your chances of being granted probation instead of active jail time. But remember, if you’re caught in violation of this probation, you could go back to jail.

When you are charged with drug possession, having someone in your corner looking out for your best interest is important. While we can tell you what the law says, an experienced criminal defense attorney can help you build a solid defense and weigh any other potential options.
Cocaine Statutes in Maryland
The charges and penalties under Maryland's cocaine laws are listed below.

<table>
<thead>
<tr>
<th>Code Section</th>
<th>Art. 27 §§276, et seq.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Possession</td>
<td>Misdemeanor with penalty of up to 4 yrs. and/or $25,000; Bringing 28 g. into state: felony with penalty of up to $50,000 and/or 25 yrs.; Subsequent offense: double penalties</td>
</tr>
<tr>
<td>Sale</td>
<td>Felony with penalty of 20 yrs. and/or $25,000; Sale of more than 448 g. or 50 g. of crack: not less than 40 yrs.; Subsequent offense: double penalties; 2 yrs. mandatory, not less than 10 yr. sentence; Third offense: not less than 40 yrs. Sale to minors or near school property: stricter penalties</td>
</tr>
<tr>
<td>Trafficking</td>
<td>If &quot;drug kingpin&quot; 20-40 yrs. and/or $1,000,000 fine</td>
</tr>
</tbody>
</table>

There are Maryland state statutes as well as federal laws on the books. Federal drug laws prohibit simple cocaine possession along with manufacturing and cultivation and trafficking and distribution. As seen above, penalties for cocaine possession or sale can be severe and generally vary depending on whether you have prior drug convictions and the quantity of drugs involved.

In some cases, prosecutors can offer a plea bargain to a lower-level offender in exchange for helping to build a case against higher-level producers and dealers. In addition, some jurisdictions have recently created specialized “drug courts” that allow first or second-time drug crime defendants to spend time in treatment in lieu of a jail sentence.

RESIDENCE LIFE
Mission and Vision for Residence Life
Residential life at Washington Adventist University provides a safe, clean, living and learning environment for our students. We provide an environment that affirms the dignity of and welcomes people of all cultures, as we seek to develop and nurture a community experience that binds us together. Our goal to prepare our students in the development of a Christ-like character is woven into our mission and vision expression.

Residence Hall A to Z
Bicycles
Residents may store their bicycles in an area in the residence hall authorized by the dean or in private rooms. There is a secured space for bicycles in the basement of each residence hall. See a residence hall dean for entry. For safety and security reasons, bicycles should never be left unlocked or in a hallway, or ridden inside the buildings. Any bicycle found in an inappropriate place will be confiscated by a residence hall dean, and there may be a $50 fine to reclaim it. Riding bicycles, skateboards, rollerblades, scooters, and all other types of sports equipment is prohibited in the residence halls.

Bulletin Boards and Residence Hall Newsletters
Part of being a successful student is being properly informed. Please check the bulletin boards and residence hall newsletters for information about residence hall and campus activities, campus and residence hall policy updates, and announcements. All information placed on bulletin boards in the residence halls or distributed in resident mailboxes must be approved by the dean, prior to display or distribution.

Chaperones
For purposes of residence life, we define chaperone as a person, especially an older or married man or woman, who accompanies young unmarried people on mixed gender overnight/weekend leaves such as camping trips, etc. (See Curfew and Leave Policy/Saturday Night/Weekend Leaves/Holiday Leaves). For more information and a list of approved chaperones, see a residence hall dean. You may request a name to be added to the list of approved chaperones.

Citizenship Probation
Citizenship probation means that upon further violation of Washington Adventist University’s policies and expectations, your status as a student will be immediately reevaluated by the Vice President for Student Life and/or the Conduct and Guidance Committee. During the second week probationary period, weekend and overnight leaves may be restricted to the home of your parents. Any exceptions may be granted by a residence hall dean. Further violations will be grounds for immediate suspension, dismissal, or expulsion from Washington Adventist University.

Clubs
The official residence hall clubs are as follows:
Halcyon Hall Residents:
Theta Alpha Beta (TAB) is WAU’s women’s club and stands for “Daughters of the Eternal King.” Its members are Halcyon Hall residents and female commuter students. Officers are elected in the spring of each year to plan programs, trips, and other social events for the following school year.

*Morrison Hall Residents:*
The WAU Men’s club members are Morrison Hall residents and male commuter students. Officers are elected in the spring of each year to plan programs, trips, and other social events for the following school year.

**Computer Rooms**
The computer rooms located in the residence halls are for residents’ use only. If the computer rooms are full, priority is given to residents who need computers for study. Residents must provide their own portable media (USB, CDs, DVDs etc.), and printer paper. Never store documents on the hard drives. Please be reminded that food, televisions, and radios are not permitted in the computer rooms. Residents who leave a computer for more than 15 minutes may lose their place at the computer. The rooms are open 24 hours a day, but are closed from an hour before sundown Friday to sundown Saturday.

**Curfew and Leave Policy**
Residence hall living means there are hundreds of individuals sharing the same “home.” It is our responsibility to provide you with a safe environment, and it is your responsibility to honor your commitment to follow the expectations and policies outlined in this handbook, and to exercise good judgment. Students living in the residence halls are to abide by the following curfew times. Curfews are based on **cumulative GPA** (For exceptions see *Exempt Status*):

*All freshmen, regardless of number of completed credit hours and GPA:*
Sun.-Fri. 11:00 p.m., Sat. 12:00 a.m.

*All other students* with fewer than 24 completed credit hours and or a **GPA of less than 2.5:**
Sun.-Fri. 11:00 p.m., Sat. 12:00 a.m.

**GPA 2.5 - 3.19:**
Sun.-Fri. 12:00 a.m., Sat. 1:00 a.m.

**GPA 3.20 - 3.74:**
Sun.-Fri. 12:30 a.m., Sat. 1:30 a.m.

**GPA 3.75 - 4.00:**
Sun.-Sat. 2:00 a.m.

Washington Adventist University residence hall students have the privilege of a 15-minute grace period beyond curfew. Please make curfew your goal! The grace period is to allow for any delay, not a late entry. Entry into a residence hall after 2:00 a.m. is considered an overnight absence (See Saturday/Weekend Leaves/Holiday Leaves and Curfew Infractions). Residents must fill out a *Leave Request Form* and have it approved for late, extended, overnight, or weekend leave, prior to departure. Late leaves will be granted for no more than one hour past normal curfew and never later than 2:00 a.m. **Please note late leaves are to be used under special circumstances only. They are not an extended curfew time.** Forms must be turned in and signed by the dean before the resident leaves. The resident’s copy of the *Leave
Request Form is then placed in his/her mail or message box. Changes in plans after approval should be communicated to the dean on duty before leave is taken. Please note that leaves are not automatically granted. Do not leave campus prior to a leave approval. All leaves must comply with University standards. Leaves will not be approved after midnight. Violation of this policy will result in disciplinary action. If you are on an approved leave, and for some reason, need to return to the residence hall prior to the end of the leave, please inform the dean on duty immediately, upon your return. If you desire to leave the residence hall again, another Leave Request Form must be filled out and approved. Leave requests for house sitting must be accompanied by a written invitation from the homeowner and a letter of consent from the parent/guardian of any student under 18 years of age.

A leave is invalid if a resident does any of the following:
• Leaves before getting approval.
• Remains in the residence hall.
• Does not fill out the leave slip completely (i.e., contact information – name, address, phone number, relation to resident, etc.).

Curfew Infractions
Infraction 1: The resident will meet with a dean concerning the curfew infraction and a warning will be given. The resident’s 15-minute grace period will be suspended for seven (7) days.

Infraction 2: The resident will meet with the dean concerning the curfew infraction. The resident will receive a 9:00 p.m. curfew for the next five consecutive days, and must obtain a signature from the dean (or designee) on duty at 9:00 p.m. A form summarizing the meeting/infraction will be sent to the resident and copies of all correspondence regarding the infraction will become a part of this student’s residence hall permanent file.

Infraction 3: The resident will meet with the dean concerning the curfew infraction. The student will be charged $50 for entering the residence hall between their curfew and 2a.m., and will be charged $100 for entering after 2 a.m. A resident can incur a maximum of five (5) charges for curfew infractions throughout the academic year.

Infraction 4: The resident will meet with the Vice President for Student Life and accordingly will be subject to disciplinary action, which may include, but is not limited to citizenship probation, community service, or referral to the Conduct and Guidance Committee.

The resident is required to meet with the dean regarding their curfew infraction within 24 hours of receiving a curfew infraction. Failure to do so may result in further disciplinary action including but is not limited to a minimum fine of $25.

Petition for Exemption
Curfew Exemption Petitions for standing exemptions because of class or employment conflicts are available at the front desk in the residence hall. A photocopy of the resident’s official class registration form, or a letter from his/her employer verifying work hours, must be submitted with the petition. All verification must be submitted with the petition. Residents must use a Leave Request Form each time they need to stay out past curfew until the exemption petition
is approved. If there is a class/work schedule conflict, petitions must be resubmitted within 10 days of the beginning of each semester.

Saturday Night/Weekend Leaves/Holiday Leaves

Overnight leaves are not given on Sunday through Friday nights, except to go home.

Exceptions are made only by the residence hall dean on duty.

Weekend leave requests must be turned in by Thursday at 9:00 p.m. Weekend leave requests turned in after that time must be brought directly to the residence hall dean on duty for signed approval. Saturday night/weekend leaves to other students’ homes will be approved at the discretion of the dean on duty. Overnight/weekend leave requests to homes of single members of the opposite sex will be denied. Approved chaperones (see Chaperone) are required for mixed gender overnight groups (retreats, camping, etc.). If you have questions, consult with the residence hall dean on duty. Students who stay away overnight from the residence hall without proper authorization are in violation of the rules. Please note that “overnight” is defined as being out after 2:00 a.m. without permission from the residence hall dean. Whenever a resident is in doubt about proper authorization, he/she should contact the residence hall dean at the earliest possible time and make proper arrangements. Students who violate this rule will be immediately referred to the Vice President for Student Life and will be subject to citizenship probation and/or a meeting with the Conduct and Guidance Committee.

Parental Permission Options
Three options are available on Parental Permission Cards for freshmen concerning Saturday night/weekend leaves:
1. Parent grants Saturday night/weekend leaves only to resident’s home.
2. Parent grants Saturday night/weekend leaves to specified homes only.
3. Parents grant unrestricted Saturday night/weekend leaves, in keeping with the community standards and policies outlined in the Student Life Handbook and the Residence Life Handbook.

Emergencies
In case of emergencies please call the residence hall deans at (301) 891-4174 (Halcyon Hall), (301) 891-4043 (Morrison Hall). Safety and Security at (301) 891-4019 and/or in an extreme emergency, dial 911. If an evacuation is necessary, instructions for evacuation are posted behind each residence hall room door. See a residence hall dean for an expanded list of emergency procedures.

Exempt Status
Exempt status is a privilege, and with privileges there are increased responsibilities. Students who are age 21 or older will be exempt from curfew regulations. Students who are age 21 or older will be exempt from curfew regulations upon their 21st birthday. In order for exemption status to be enacted, students are required to provide a copy to the respective dean of a valid, state-issued ID with proof of date of birth.
Exempt students will be required to sign in and sign out when entering and exiting the residence halls after 11:00 p.m. **If a student exits the residence hall after 11:00 p.m., he/she is required to provide an emergency number at the front desk.** Note, exempt status does not mean that a resident is allowed to stay out overnight without notification and approval of the dean. Residents who are graduating seniors will be given exempt status, upon presentation of the approved graduation contract to a residence hall dean. Exempt status means that students are exempt from worship and curfew regulations. Students who are age 21 and above are encouraged to attend all worships, but there is no requirement.

For safety and security reasons, and in the event of a family emergency (so the deans are able to locate a resident), an *Exempt Status Leave Form* must be filled out whenever a student plans to be away during the hours of 11:00 p.m. to 6:00 a.m.

**Exempt status is a privilege. Failure to sign in/out will result in loss of privileges. Please meet with a residence hall dean for additional information.**

**Fire**

County code prohibits open flame in residence halls. This includes candles and incense. The only exception to this is the fireplace in the basement of Halcyon Hall. Instructions for evacuation of the building in the event of fire or other emergencies are posted behind each room door. The following are some general guidelines in case of fire:

- If you are the first person to notice a fire, pull the fire alarm in the hallway and report the fire to the front desk.
- When the alarm sounds, evacuate the building quickly and safely according to the exit plan that has been demonstrated by the residence hall staff.
- Stay close to the floor if there is smoke. Check the door knob for heat before opening. If the door knob is hot, do not open the door.
- If needed, soak a blanket and lay it over and around yourself.
- Don’t try to fight the fire.
- Once outside, stand away from the building until told by a member of the residence hall staff that it’s safe to return.
- Identify yourself to the authorities if you pulled the alarm.
- Familiarize yourself with the location of all alarms, exits, and fire extinguishers; and learn how to use them before a fire starts. Your residence hall staff will provide you with on-going instructions.

If you are trapped by fire or smoke, do the following:

- Keep doors closed.
- Put a towel or some clothing in the crack at the bottom of the door.
- Open the window from the top so the heat will go out.
- Open the window from the bottom so fresh air will come in.
- Wave a bright colored or lighted object from the window.
- Wait to be rescued. Don’t jump unless you have to.
**Fire Drills**
Fire drills are conducted periodically as a safety precaution. When the fire alarm sounds, residents should leave the building immediately and meet at the designated place (Halcyon Hall residents next to the library, and Morrison Hall residents in front of Richards Hall). Residence hall deans and RAs will review the fire drill procedures in detail. **Please note:** Familiarize yourself with proper fire safety procedures above and on the webpage. Review information posted on the behind your residence hall room door. **Failure to leave the residence hall during a fire drill will subject the resident to disciplinary action.** In addition, the Montgomery County Fire Code Enforcement Official may impose a fine up to $500 for not exiting the building during a fire drill.

**First Aid**
Services are available on campus at Health Services, Wilkinson Hall, Room 13, ext. 4009. A first aid kit for minor medical needs is available from your RA and at the front desk in each residence hall.

**Food Deliveries**
If you have ordered food for delivery, please provide the restaurant with an accurate number to contact you. Announcements will not be made for students to pay for and collect their deliveries. Sabbath deliveries are prohibited on the campus of WAU. Local restaurants that frequently deliver food to the campus have been informed of this policy. (See Sabbath and Seventh-day Adventist Church). Be reminded that consequences exist for non-compliance.

**Furnishings for Residence Hall Rooms**
Each room is carpeted and furnished with two twin beds, two desks, two chairs, a sink, and two closets. Residents must provide their own linen, towels, and wastebasket. Possession of a TV, DVD player, and sound equipment is allowed so long as the volume is controlled (See Noise). **Headphones must be worn after 11:00 p.m.**
Use white poster putty to mount posters or pictures. **Mounting with anything that will damage the walls, including tacks, nails, masking tape, and scotch tape is prohibited.**
Check with your RA for additional information and instructions.
The University reserves the right to charge for room damages, unclean rooms, and unauthorized moving of furniture. This includes damage of walls, floors, telephones, and painting of walls and room furniture (See Room Deposit). Residents who want to request a change in room furniture **must** make arrangements with one of the residence hall deans before making any changes.

Key Cards/Lock codes
Residents in Halcyon Hall will receive a room keycard upon moving in to the residence hall. The resident agrees not to duplicate any keycards supplied by the University. Residents in Morrison Hall will receive a lock code. **The resident agrees not to share the lock code with anyone and not to tamper with the codes on any room door. If a student gives out the code, s/he will be charged $150 and will thereafter be subject to disciplinary procedures.**

When a student terminates his/her residency, the keycard must be returned to the residence hall dean. If a resident loses a Keycard or code, a replacement fee of $50 will be charged. If a keycard is stolen, a report must be filled out with the Safety and Security Dept. Students using electronic entry devices must see a residence hall dean for information about fines for lost devices. **Residents should keep their rooms locked at all times.** Halcyon Hall residents who lock themselves out should contact their RA. There will be a monetary fine imposed for repeated requests to unlock doors. Contact your RA or a residence hall dean for detailed information.

Unlawful Entry
It is unlawful to enter someone else’s room without their verbal or written consent. Residents may not obtain access to anyone else’s room. Please do not ask! To ensure your privacy and security, no master keys are available at the front desk.

Kitchen/Cooking
County code prohibits cooking in the residence hall rooms except in microwave ovens. Residents may use the residence hall kitchen free of charge. The kitchen is for use only by current residents. Each kitchen is equipped with a stove, refrigerator, sink, and oven. A resident may sign out the key at the front desk. WAU promotes and supports a vegetarian lifestyle; therefore, only vegetarian cuisine may be prepared and/or stored in the residence hall kitchens. If residents store food in the refrigerator, they should mark the food clearly with name and date. The University is not responsible for loss or contamination of items left in the kitchen. Unmarked or spoiled food may be thrown out by residence hall staff at any time. **To maintain a clean, healthy environment, residents are expected to thoroughly clean the kitchen after each use. Failure to do so will result in loss of privilege to use the kitchen and may also result in a fine.**

Laundry Rooms
Laundry rooms equipped with coin-operated washers and dryers are located in each residence hall. All laundry facilities are for the convenience of the residence only. The laundry rooms are opened 24 hours a day, but are closed from sundown Friday to sundown Saturday.

Ironing Rooms
County code prohibits ironing in private rooms in the residence halls. Violation of the county code may result in a monetary fine. For your convenience, ironing rooms are located on the second and third floors, and the sub-basement of Halcyon Hall. An ironing board is available, to be checked out, at the front desk of Morrison Hall.

WAU’s Facilities Services replaces light bulbs. Notify the front desk if you need a bulb replaced.
Lobbies
The lobbies on the first floor of the residence halls are accessible to the public. (See Community Standards and Policies).

Mail
Mailboxes

Moving
Check-In Procedures
The following steps must be followed to properly check-into a residence hall room:
1. Confirm your room reservation prior to arriving on campus (see Room Reservations).
2. Notify the residence hall dean on duty of your arrival.
3. Complete Residence Check-In Form.
4. Secure your room keycard or code (see Keys).
5. Proceed to your assigned room.
6. Arrange with the residence hall dean to store trunks, suitcases, etc. in the storage room.

Check-Out Procedures
The following steps must be followed to properly check-out of a residence hall room:
1. Clean the room.
2. Complete a Residence Check-Out Form. Make an appointment with your resident assistant (RA) at least 48 hours prior to your check out time, and the RA will give you a Residence Check-Out Form.
3. Return keycard.
4. Have residence hall staff check the condition of your room, before you leave the building.

Failure to follow the above procedures will result in a $75 charge for improper check-out, a $75 cleaning and damage repair fee, and/or $50 for not returning the keycard. Costs for any damages in excess of $150, (see Room Deposit), will be charged to the student’s account.
Moving from Room to Room
Residents wishing to move from one room to another must first make arrangements with a residence hall dean. Most of the check-out procedures also apply to changing rooms, including filling out a Residence Check-Out Form.

In observance of the Sabbath there are no Check-In or Check-Out procedures during Sabbath hours (Sunset Friday to Sunset Saturday). All moving must be completed one hour before sunset on Friday or commence one hour after sunset on Saturday.

Noise
Residence hall students live close to each other; therefore, it is important for students to be considerate of others. A student’s right to be noisy stops when other students are forced to listen. The residence hall has a 24-hour sound curfew and must remain quiet for study and sleep at all times. Sound emissions (voice or equipment) are considered excessively noisy if audible outside a resident’s room with the door closed. Headphones must be worn after 11:00 p.m. A radio, stereo, television, or musical instrument, etc. that can be heard in other rooms, or in the hallway, is considered too loud. Residents are responsible for the noise volume of guests in their rooms. When a resident is inconsiderate of the noise policy, the RA will meet with the student and may refer the resident to the residence hall dean. Disciplinary action will be taken which may include the removal of sound equipment from the room and referral to the Vice President for Student Life.

Sound equipment shall not be placed in windows nor directed outside the building or into the halls. Members of the University community are required to control the volume of auto sound equipment. Auto stereos that are audible outside of a vehicle will subject the driver/owner to University discipline and/or suspension of auto registration and parking privileges on University parking lots. Violation of these standards will be appropriately handled by the residence hall staff or Vice President for Student Life (for commuter students).

Parking
Your vehicle may be registered on www.my.wau.edu, but the parking permit is obtained from Safety and Security, located in the General Service building, Room 4, ext. 4019. (See Vehicle and Parking for additional information).

On-campus parking is available for residents of each residence hall. Halcyon Hall residents may park in the lot next to the residence hall, in the lot behind Morrison Hall, or with the proper authorization on Maplewood Avenue. Morrison Hall residents may park in the lot behind the residence hall. A resident’s vehicle must be registered with the Security Department. Vehicles with suspended registration or that are illegally parked (i.e., handicap, fire lanes, dean’s parking etc.) are subject to booting and subsequent impoundment at the owner’s expense. In addition, there is a possibility of a citation and fine by the City of Takoma Park.

Personal Devotional Life
The strength to live the Christian life is possible only through an on-going, personal relationship with God. We encourage you to take time to pray, meditate, and study on a daily basis. For
additional spiritual nurture, please contact your residence hall deans, Campus Ministry and the Pastoral staff at Sligo Church (301) 270-6777.

**Prayer Rooms**
There is a prayer room available for special, private, and small-group meditation in each residence hall. Please see your RA or residence hall dean for specific information.

**Prohibited Items**
In order to maintain a safe environment in the residence halls, several items are strictly prohibited for the sole purpose of helping to maintain a safe environment for all who live and work in the residence halls. Among the prohibited items are firearms or weapons of any kind, lighters, matches, candles, incense, toaster ovens, hot plates, electric skillets, knives, metal knuckles, explosive devices, razors, and any other item that a reasonable individual can consider a weapon. See the residence dean or an RA for an extended list and more information.

Clothing peculiar to cult groups and those bearing slogans and/or insignia not in harmony with the standards and philosophy of WAU is prohibited. Also prohibited are any items or decorations promoting, pertaining to, or glorifying lifestyles contrary to the standards of the Seventh-day Adventist Church. This includes, but is not limited to, alcoholic beverages and/or containers, tobacco products, illegal drugs or drug paraphernalia. See residence hall dean or an RA for more information and an extended list.

**Recreation Rooms**
There is a recreation room and television room available in the residence halls and on campus. See the residence hall dean or RA for locations in your residence hall:

**Halcyon Hall Residents:**
Halcyon’s recreation room is located off the basement lobby. Residents who want to use the room for parties or other activities should make arrangements in advance with one of the deans. This room can be used for coed parties but these parties must have more than three individuals attending.

**Morrison Hall Residents:**
A Student Lounge is located on the lower level of the residence hall. It is not available for use 30 minutes before sunset on Friday night to 30 minutes after sundown on Saturday night.

**Coed Student Recreation Room:**
This room is located in the basement of the Health Science Building adjacent to the Athletic offices. There are various games (ping pong, pool, chess, etc.) for the student’s use and enjoyment. Social conduct in the room should always be appropriate and in line with the expected behavior of a WAU student.
**Student Weight Room:**  
The Weight Room is located across the hall from the Recreation Room in the Health Sciences Building, adjacent to the Athletic offices. A variety of fitness equipment is available for student use including treadmills, stair machines, and stationary bicycles.

**Repairs**  
If an item provided by the University in a residence hall room breaks or is non-functional, residents can complete a repair form located at the front desk. Facilities Services personnel may need to be in the residence halls to make necessary repairs. Announcements will be made by the dean of their presence. Your cooperation when this occurs is greatly appreciated.

**Residency**  
Living in a campus residence hall is a privilege that is granted by WAU. At WAU, that privilege is reserved for traditional students enrolled in six or more semester hours. If, for whatever reason, a student is asked to withdraw from WAU, the student must find another place to live within **24 hours** from when withdrawal/non-acceptance becomes final. If there are extenuating circumstances which preclude a student from leaving within 24 hours, a residence hall dean must be informed of the circumstances and will give appropriate counsel.

**Off-Campus Residency**  
Single students who are less than 22 years of age and are registered for six or more hours (or four or more during summer session) are required to live with their parents or in a campus residence hall. However, approval to live off campus is readily granted if the student has a good citizenship record and falls into one or more of the following categories:  
1. is living with his/her parent(s)  
2. is living with his/her grandparent(s)  
3. is living with his/her biological uncle and/or aunt who is 22 or older  
4. is living with a faculty/staff member who is 22 or older  
5. is living with a brother/sister who is 22 or older  

Students who do not fall into one of the above categories will not be granted off-campus status. Exceptions are very rare and only for truly extenuating circumstances. If a student wishes to request an exception, **Off-Campus Housing Petition Forms** are available at the Office for Student Life, Wilkinson Hall, Room 428. Petitions will be given careful consideration by the Vice President for Student Life and/or the Student Life Committee.

Please note that permission to live off campus is not granted until the application has been processed and approved. **Approval must be obtained prior to moving or signing a lease.**

**Change in Residency**  
**When transitioning from a campus residence to an off-campus residence, students must notify the Office of Student Life and be officially approved to change residency status.**

**Residence Assistants – RAs**  
RAs are student staff members who are an integral part of the resident hall team. They are available to answer questions about WAU and/or help you with personal, academic, or other
problems which typically confront students. RAs assist the deans in management of the residence halls, and they are responsible for the development of a healthy environment conducive to academic and personal success. RAs provide leadership and support for students that reside on their hall. RAs take room check and conduct floor worships. Your RA lives on the hall with you, and will orient you to residence hall living (i.e., policies concerning worship, fire drills, room check, curfews, etc.). The RAs will assist in the check in and check-out processes.

**Residence Hall Probation**
A student may be placed on residence hall probation for infractions against residence hall policy. Residence hall probation is for a period of two to six weeks and may affect, but is not limited to, weekend leaves, overnight leaves, or status as a residence hall student. Further incidents of misconduct will result in citizenship probation and an appointment with the Vice President for Student Life. At the discretion of the Vice President for Student Life, the student will be placed on citizenship probation or referred to the Conduct and Guidance Committee.

**Residence Hall Security**

*Locked Doors*
In an effort to secure your safety, the main entrances to the residence halls are locked at curfew and entrance to the buildings is monitored by front desk worker through an electronic system. However, visitors are allowed to remain in the residence hall lobby area until 11 p.m. Sunday through Friday and until midnight on Saturday. The main entrances to the residence halls are unlocked daily at 6 a.m. For security reasons, all other doors are kept locked. (The back door to Morrison Hall is open during campus operating hours.) Windows and locked doors are prohibited as entries or exits, except during emergencies.

*Personal Losses*
Wisdom dictates that room doors be locked whenever a resident leaves the room. The University is not responsible for personal losses that may occur in your room or in public areas. Expensive equipment should be covered by your own insurance. We encourage residents to purchase insurance for their valuables. Brochures and applications may be picked up at the Office for Student Life or in each residence hall.

*Right of Entry*
WAU reserves the right for residence hall deans, university administrators, RAs, law enforcement and fire department personnel, IT Technician, security, and facilities services personnel to enter and search any resident’s room. If a room is entered, to ensure compliance with WAU standards, the appropriate personnel has the right to check through all contents in the room. The right of entry also helps to ensure compliance with fire, health and safety standards, policy infractions, and cleanliness. Please note that by accepting residence hall living, a resident acknowledges and authorizes this right of entry.

*Room Check*
Room check is at 11:00 p.m., Sunday through Friday, and 12:00 a.m. on Saturday. An RA must see residents personally before checking them in for the evening. It is the resident’s responsibility to inform the RA or dean on duty if he/she has not been checked in by
11:00 p.m. Please note each resident must be in his/her own room for the 11:00 p.m. room check. If a student is unaccounted for, that student will be considered absent from the residence hall without permission and will be subject to disciplinary action (See Curfew and Leave Policy). Parents may be notified. Exempt residents are also subject to room check.

**Room Deposit**
Each resident must pay a $150 room deposit at the time a room is reserved. The request for refund of a room deposit is initiated with the completion of the *Residence Check-Out Form*. All deposits are refunded by accounting services (WH 104). This deposit is refunded when a student permanently terminates (i.e., graduation, transfer to another school etc.) his/her residency from WAU. However, if room damage is discovered by the residence hall dean or his/her appointee during checkout procedures, the room deposit will not be refunded an additional may be charged, depending on the extent of the damage (See Moving/Checkout Procedures).

**Room Inspection**
Each student in a residence hall deserves to live in a clean, safe environment. Students are responsible for the care and maintenance of his/her assigned room. Fire regulations call for clear floor space under windows and the doors must be able to open fully. Rooms will be spot-checked for cleanliness, appropriateness, and fire safety hazards. A residence hall dean will request and require compliance, if needed. Excessive violations will result in disciplinary action.

**Room Reservations**
Please note a reservation is not a guarantee of a room. All students must be financially cleared before moving in to a residence hall. How to reserve a room:

1. Be accepted as a student at Washington Adventist University.
2. Submit a *Room Reservation* form and pay a room deposit to the residence hall dean or send it to the admissions office.
3. The residence hall dean will be happy to assist you in finding a roommate.
4. Room reservation process is now complete.

Please note that at this point the reservation process is complete, but students cannot move into a residence hall unless they have been financially cleared.

**Roommate Rights**
How much you enjoy life at WAU is really dependent upon how much thoughtful consideration you display toward others. The list below should help you with your responsibility to your roommate. Each roommate has a right to the following:

- The right to read in a quiet environment. Noise and unnecessary distraction interfere with this right.
- The right to sleep undisturbed day or night.
- The right to expect that your roommate will respect what is yours.
- The right to live in a clean room.
- The right to some privacy.
- The right to have visitors, understanding they will respect your and your roommate’s rights, and the rights of others who live in the hall.
• The right to have your concerns addressed.
• The right to be free from fear of intimidation, physical, and/or emotional harm.

Sabbath Observance
Seventh-day Adventists believe the seventh day of the week is the day of rest and worship as stated in the Bible. Therefore, we celebrate the Sabbath from sundown Friday to sundown Saturday. (See Student Life Handbook, Seventh-day Adventist Church and Sabbath.)

Signing In/Out
All residents leaving or returning to the Residence Halls after the doors are locked must sign in/out at the front desk. Be certain you are aware of your individual curfew, before signing out.

Storage Room
Each residence hall has limited space for storage. Check with a residence hall dean for available space. All items stored must be labeled with name and a permanent address. The residence hall and University are not responsible for any loss or damage to items left in storage. Items left without proper arrangements will be disposed of by the residence hall staff. There is a $35 fee for summer storage. All items should be reclaimed at the end of the summer or they will be discarded.

Study Rooms
Study rooms are located in each residence hall. The rooms are available upon request to the dean 24 hours a day, except during the hours from sundown Friday to sundown Saturday. No food, televisions, or radios are permitted in the study rooms. (See a residence staff for additional information.)

Summer Residence
Residence hall living is a privilege, and all students who desire to live in the residence hall during the summer must file a petition with the residence hall dean, no later than three weeks before the end of the spring semester. Students are expected to be on exemplary behavior at all times. Residents who are 18 to 20 years of age will have a 2 a.m. curfew. Those residents who are 21 and over will continue to have an exempt status; however, if an exempt resident has an estimated time of return to the residence hall between 2 and 6 a.m., the overnight sign-out form, available at the front desk, must be completed prior to leaving the residence hall. There is a zero-tolerance policy during the summer break, and violation of policies will result in immediate disciplinary action. (See Holiday/Break Policy for fees.)

Telephones
All rooms are equipped for telephone services; however, residents need to provide their own telephones. Local phone service is included in the residence hall charge. Residents are welcome to use phone cards to make long distance calls. If a resident needs to make an emergency long distance call, please contact the residence hall staff.

Trash Disposal
In order to maintain sanitary conditions in the residence halls, students are expected to dispose of their trash in the dumpsters located behind the residence halls and in the appropriately
designated locations in the residence halls. **Dumping personal trash in inappropriate areas will subject one to immediate disciplinary action.** The residence hall dean will determine where and when the community service will be rendered. Each resident is to supply his/her room with a trash receptacle.

**Worship Petitions**
Petitions for worship exemption due to class or work conflicts are available at the front desk. A photocopy of the official class registration form, or a letter from the resident’s employer verifying hours, must be submitted along with the petition for consideration. Petitions must be resubmitted each semester.

**Worship Petitions (Double Conflict)**
Double conflict worship petitions are available when a resident experiences two (2) direct conflicts in a week due to class, team, or work appointments that are not already covered by a Worship Exemption Petition. Petition slips are available at the front desk. Incomplete petitions will not be considered. These petitions are primarily for use by athletes and musicians during game seasons or tours.

**Worship Policy**
Worship is an integral part of our community at Washington Adventist University. This is a special time when we can set aside studies and work to reflect on our Creator and Savior and how He impacts our personal lives. Morning and evening and worships are provided in the residence halls. Your participation with covenant groups is also part of your residence life worship experience. Please see the Chaplain for Ministry ext. 4112, a residence hall dean, or an RA’s for more information about Covenant Groups. There are various worship options available to assist you in completing your worship requirement. Please see a residence hall dean for additional information. There are also more intimate “floor worships” conducted by the RAs. Check with your RA for scheduling. If a group of students are studying certain inspirational and/or religious themes, they may share a brief proposal with the residence hall deans for possible worship credit. Scheduled worship times are posted, if you miss the signs, see residence hall deans for the scheduled times and for your worship requirements. Proper attire is expected at all worships during Sabbath hours (see Sabbath).

**Number of worships required each semester, by class:**
Freshman 30
Sophomore 24
Junior 21
Senior 15
As with all policies, there are consequences for noncompliance. If you do not fulfill your worship requirements, you can expect to meet with the residence hall dean regarding disciplinary actions. You will be subject to early curfew restrictions for a specified number of days. If a student continues to miss worships, the student will be placed on residence hall probation, which may ultimately result in citizenship probation, and possible suspension.
**Worship Room**
A worship room is located on the lower level of each residence hall. Residents who want to use the room for a religious service, or for practice for a religious event, should make arrangements in advance with one of the residence hall deans. **Please note** that food, radios, televisions, etc. are not allowed in the worship rooms without permission from a residence hall dean or his/her designee.

**Dining Hall and Food Services**
Washington Adventist University, a Seventh-day Adventist institution, promotes and supports a vegetarian lifestyle; therefore, only vegetarian cuisine is served in the dining hall and at all school-sponsored functions.

Residence Hall students are allowed entrance into the dining room upon presentation of valid WAU Student ID. Commuter students are also required to present a WAU Student ID, and their meals may be purchased by cash or through the Commuter Student Meal Plan (see Commuter Students).

**Dining Hall Policies.** Students must present their Student ID cards for admittance into the dining hall. Only those students on the meal plan (Residence Halls or Commuter Students Meal Plan) will be allowed to enter the Dining Hall. Students are not permitted to use another student’s ID card to gain entrance to the dining hall. All trays must be taken to the dish room conveyer belt. Students leaving trays on tables will be subject to disciplinary action. Food and drink may not be taken out of the dining hall, with the exception of one piece of fruit per meal, and sick trays, with permission from a residence hall dean or the campus nurse. Polite, respectful decorum is expected in the dining hall at all times. Dress should be appropriate, and shoes are required (See Dress Code). To assist in establishing a special atmosphere for Sabbath, students and guests are required to dress in casual business attire or better, during the Sabbath hours (sundown Friday to sundown Saturday). Appropriate attire for the dining hall must, at all times be modest, neat, clean with no rips, tears, etc. T-shirts/sweatshirts, sweatpants, tank tops, and beach footwear are examples of inappropriate attire.

**Community Standards and Policies**
Washington Adventist University is committed to creating a community that demonstrates belief in the word of God. In our community, we believe the word of God establishes the principles that are to guide personal development and govern behavior. These principles include, but are not limited to, the responsibility of the following:

- **Love God** (Matthew 23:37; Ephesians 4:17-6:18). This involves a wholehearted commitment to know and obey God’s Word as it applies in both thought and action, and thoughtful stewardship or management of our intellect, abilities, sexuality, relationships, financial resources, and time.

- **Love your neighbor as you love yourself** (Matthew 22:39). This involves an unselfish commitment to understand and help others, as we serve in love (Galatians 5:13, 14).

- **Love enough to handle the challenging issues according to the Word of God** (Matthew 18:15-17; Colossians 3:13).

Even though every student may not have personal convictions as outlined above, all students are responsible to know and abide by all the community standards, policies, and regulations of Washington Adventist University.
As noted on your student ID card, you must present your ID when requested by faculty or staff. If a student fails to identify himself/herself when requested to do so by a member of the faculty or staff, a member of the security department will be called to immediately escort the student off campus. Further action may be taken to the Conduct and Guidance Committee which may result in suspension. The rules of any community grow out of a particular tradition. Washington Adventist University is a Seventh-day Adventist institution and, as such, adheres to the tenets and traditions of the Seventh-day Adventist Church. We hold in high esteem the following characteristics: celebrating and honoring the Sabbath from sundown Friday to sundown Saturday; honesty and integrity; thoughtfulness in social relationships and entertainment; respect of the rights, opinions, and property of others; respect for and obedience to the laws of the city, state, and federal government; modest dress; and a willingness to do good in every situation. Therefore, all students are expected to abide by the following standards:

- WAU is a drug-free campus. The University recognizes that the use of tobacco products and alcoholic beverages presents a danger to personal health. Use of these products by members of the WAU community is prohibited. No member of the community may use or possess tobacco, alcohol, or illegal drug products on campus. Students whose off-campus behavior reflects negatively on the University community, or who return to campus under the influence of alcohol or illegal drugs, will be subject to disciplinary action.

- Exercise wholesome thought and speech patterns. The use of profanity and coarse joking, particularly that which is degrading to gender, ethnicity, and/or people groups, is not acceptable.

- Use discretion in dating practices, public and private. Students are encouraged to build balanced, healthy, Christ-centered relationships.

- In an effort to minimize awkward situations, and to protect their personal relationships, students are expected to refrain from inappropriate or lingering public displays of affection or confrontation.

- Students are expected to exercise discretion in their selection of reading materials, Internet activity, and entertainment.

The Community’s Responsibility for Campus Safety
It is absolutely necessary to have the cooperation and involvement of the college community to prevent crime and make the campus safe. Members of the community must assume responsibility for their own personal safety and the security of personal and college property by taking simple, common-sense precautions.

Personal Safety Tips
The following addresses an area of utmost importance to Public Safety: your own personal safety. Please read this section carefully and follow these tips in your everyday life.
Dating
• When you feel uncomfortable in a situation, trust your instincts.
• When you mean “no,” say “NO.” Don’t allow room for misinterpretation by being ambiguous in your actions. Be firm. You should communicate your intentions and limits early.
• Don’t immediately transfer your trust from an old friend to a new one. Remember, trust must be earned.
• Control the environment. You should be the one to choose or agree to the dating activity and location.
• Be alert to diminished awareness caused by alcohol and drugs. When you lose control because of impaired judgment, you give the advantage to a would-be assailant.
• Don’t allow others to violate your personal space.

Residence and Work Areas
• Lock your room/apartment/office door whenever you leave, even if you’re just going out “for a minute.”
• Take care of your keys. Don’t leave them in your “cubby” or other hiding place.
• Be wary of bringing casual acquaintances to your room or home.
• When going out, let someone know with whom you are going, where you are going, and, if possible, the approximate time of your return.
• Do not prop doors open. If you find a door propped on-campus, close it or report it to Public Safety.
• Know where fire alarms and emergency exits are located.
• Observe the college’s fire prevention regulations.
• If you smell smoke or see a fire, pull the fire alarm and leave the building immediately.
• When a fire alarm sounds, leave the building immediately. Do not wait to see if it is a false/malfunctioning alarm.
• Notify the Security Department immediately (301) 891-4019) of any emergency, criminal activity, suspicious conditions, or suspicious subjects.

Campus Grounds
• Avoid taking shortcuts through isolated areas.
• Don’t go for a “nature walk” through the woods alone.
• When walking, jogging, or running around the campus road after dark, wear reflective clothing.
• Do not walk, jog, or run on campus alone after dark.
• Call security for on-campus escorts from dusk to dawn.

Telephone
• Be suspicious of surveys or wrong-number calls. Do not divulge your name, room number, or phone number. The caller may have reached you by dialing a number at random.
• Always be certain of the identity of the person on the other end of the line.
• Hang up immediately on annoying or obscene telephone calls. Remember, you control with whom you talk.
• Report all obscene or annoying phone calls immediately.
Vehicle
• Have keys ready when approaching your vehicle. Check for intruders before and lock the
door immediately after getting into your vehicle.
• Close all windows (in addition to locking all doors) when leaving your vehicle, whether it’s
for a few minutes or several hours.
• Lock all valuables in the trunk.
• Park in well-lighted areas at night.
• Do not attach your name or license tag number to your key ring.
• Never pick up hitchhikers or hitchhike yourself.
• Always keep your gas tank at least half full.
• If your vehicle breaks down in an isolated area, raise the hood, lock the doors, and stay
inside.
• If someone stops to help, ask him/her to call the police. Sound the horn if you feel
threatened.
• If you see a suspicious vehicle or someone driving recklessly on campus, notify the
Department of Safety and Security immediately.

Property Security Tips
• What follows are common-sense reminders for protecting your property. Please remember
and practice these tips at all times.
• Never leave your book bag, wallet, purse, or other valuables unattended.
• Even if you are going to be gone for “just a minute,” take your belongings with you.
• Don’t leave easily stolen items—such as your wallet, checkbook, or jewelry—in open view.
• Don’t keep large sums of money in your room.
• Engrave your driver’s license number and state on all valuables (stereo, TV, computer, etc.)
Engravers are available at the Office of Public Safety.
• Do not engrave valuables with your Social Security number. Those numbers are federally
protected, and law enforcement agencies are unable to learn an owner’s identity if property
is recovered.
• Fill out a serial number registration form, which is available at the Department of Safety and
Security. Include serial numbers of valuables, and the Office of Public Safety will maintain
this record for five years.

MEDICAL EMERGENCIES/INJURIES/ILLNESSES

Medical Emergency
Call 911.

Serious Incident/Injury (e.g., cardiac or respiratory arrest, loss of consciousness, asthma, etc.)
Call 911 (9-911 from campus phones) and provide them the following:
• Number of injured/ill and condition.
• Your name, location, and phone number.
• Any care being given to the victims.
• Stay on line until EMS hangs up.
• Care for the victim(s) to the level of your training. If you are not trained, stay with the
victim(s) until help arrives.
• Contact Campus Police ((301) 891-4019) if they have not already arrived on the scene.
• Remain at the scene until victim(s) have been transported and you have answered all questions from EMS regarding the victim(s).

**Alcohol Intoxication/Poisoning**
Alcohol poisoning can be fatal. Do not allow someone who has drunk too much to “sleep it off.” Stay beside the person and call Campus Police at (301) 891-4019, or 911 (9-911 from campus phones) immediately if the person displays the following signs:
• Cannot be roused
• Is incoherent and is vomiting
• Breathes shallowly
• Has cold, clammy skin
• Looks bluish or pale
• Has taken other drugs with alcohol
• Has a head injury

**Work Related Injuries/Illness**
Seek medical attention as required. Report the injury/illness to your supervisor, regardless of severity.

**If you require immediate medical attention:**
• Contact Campus Police (301) 891-4019 for escort to Health Services or Emergency Room. Public Safety will decide if EMS needs to be activated.
• If on-site medical attention is needed, call 911 (9-911 from campus phones) and request emergency services.
• If exposure to blood-borne pathogens is possible, person should be taken to the Emergency Room.

**Mental Health/Emotional Distress**
We all experience stress as a natural part of life, but mental distress is a serious condition that requires help from professionals.

**Signs of Serious Mental Distress may include the following:**
• Experiences severe listlessness, lack of energy, or sleepiness
• Shows marked change in personal hygiene, appearance or behavior
• Chooses isolation from others
• Has impaired speech, disjointed thoughts
• Threats harm to self or others
• Creates artwork that depicts graphic images of death or violence
• Possesses weapons on campus or is preoccupied with weapons
• Shows high levels of irritability and/or is easily frustrated
• Abuses alcohol or other drugs
• Experiences dramatic weight loss or gain
• Reacts with bizarre behavior for a given situation
• Experiences prolonged or intense displays of fearfulness, tearfulness, or nervousness
• Shows the onset of uncharacteristically poor performance or extreme procrastination

**Suicide Intervention**
Typical warning signs of someone contemplating suicide include the following:

• Overly suicidal statements (“I won’t be around next week.”) or expressions of despair (“I just can’t go on.”)
• Ambivalence about the future
• Giving away or destroying prized possessions
• Anxiety and/or depression
• Radical change in behavior

If you have concerns about a student or coworker’s well-being, contact Campus Security (301) 891-4019). If the threat of suicide or violence seems immediate, call 911 (9-911 from a campus phone) and, if possible, alert Campus Security (301) 891-4019).

**SEARCH AND SEIZURE POLICY**
Authorized University employees may search premises occupied by students and their personal possessions with prior authorization from the Vice President of Student Life or his designee. The Vice President, Deans, and/or Security Office will authorize a search only upon a showing of reasonable grounds to believe that the search will reveal evidence of a Code of Conduct violation. Employees who need to enter a room during the performance of their duties will knock and identify themselves. If there is no response, a passkey will be used to enter the room. For purposes of this provision, premises occupied by students include, but are not limited to, University owned or controlled property and residences, student vehicles, personal property, backpacks, workstations, or any other space occupied by a student on a University sponsored trip or activity. Contraband items, for example, those prohibited by law or University policy, in clear view may be confiscated by the University employee and used as evidence in a disciplinary proceeding. Such items will not be returned to students.

**TITLE IX COORDINATOR**

**Introduction**
Washington Adventist University (WAU) is committed to providing a safe learning and working environment for all members of our campus community. In compliance with federal law—specifically Title IX, the Jeanne Clery Act and the Campus Sexual Violence Elimination Act (SaVE Act)—WAU has adopted policies and procedures to prevent and respond to incidents of sexual discrimination, harassment, misconduct, assault, dating violence, domestic violence, and stalking. These guidelines apply to all members of the Washington Adventist University community (students, faculty, and staff) as well as contractors and visitors.

**Role of Title IX Coordinator**
All educational institutions receiving Federal financial assistance must designate at least one employee to coordinate their efforts to comply with and carry out their responsibilities under Title IX of the Education Amendments of 1972, which prohibits sex discrimination in education
programs and activities. These designated employees are generally referred to as Title IX coordinators. A school’s Title IX coordinator or coordinators are expected to play a critical role in helping a school ensure that every person affected by its operations—including faculty, staff, and students—are aware of their legal rights under Title IX, and that the school and all of its employees, through its policies, procedures, and practices, complies with its legal obligations under Title IX. A school should ensure that the Title IX coordinator is given the visibility, training, authority, and support necessary to fulfill these responsibilities. The coordinator should not have other job responsibilities that may create a conflict of interest. Designating a full-time Title IX coordinator will minimize the risk of a conflict of interest.

A student should contact the Title IX Coordinator or Deputy Title IX Coordinator(s) in order to do the following:

- seek information or training about students’ rights and courses of action available to resolve reports or complaints that involve potential sex discrimination, including sexual misconduct;
- file a complaint or make a report of sex discrimination, including sexual misconduct;
- notify the College of an incident or policy or procedure that may raise potential Title IX concerns;
- get information about available resources (including confidential resources) and support services relating to sex discrimination, including sexual misconduct; and
- ask questions about the College’s policies and procedures related to sex discrimination, including sexual misconduct.

The office of our Title IX Coordinator, Dr. Ralph Johnson, is located in Wilkinson Hall, 7600 Flower Ave, Takoma Park, Maryland. His telephone number is (301) 891-4028.
