

2022-2023 Cost of Attendance Adjustment Request

The cost of attendance allows students to increase their budget in order to include unforeseen expenses on a case-by-case basis. WAU provides increases of the COA in compliance with federal regulations. All allowable expenses (listed below in expense category) must occur during the current academic year while attending Washington Adventist University and must be documented.

Additionally, The Student Financial Aid office will assess any additional institutional fees charged to your account to include in your COA adjustment.

Mark the appropriate expense category and ensure that required documentation is submitted. Complete and return this form to the Office of Financial Aid in person or via email at finaid@wau.edu. Student Financial Aid will contact you if additional information is needed. You will be notified within 10 business days on the status of your request. **Please note that this request may or may not be approved.**
